

Compton/Woodley Airport

Serving General Aviation and Los Angeles since 1924

Located in southern Los Angeles County, Compton/Woodley Airport facilitates approximately 60,000 general aviation aircraft take-offs and landings each year. The airport is home to just under 200 based aircraft, an aviation museum, and several aviation-related businesses. With dual runways and an advanced weather reporting Automated Weather Observing System (AWOS), the airport safely and efficiently accommodates a wide range of fixed-wing and rotary-wing aircraft ranging from small two-seat, single-engine propeller aircraft up to much larger and higher capacity turbo-prop and jet aircraft.

Owned and operated by the County of Los Angeles, the airport is self-sufficient. All income generated by the County at the airport is reinvested back into the

airport or the County's system of airports.

Over the next 1-2 years, the County anticipates investing over \$4 million in

various capital improvement projects at the airport, to include the comprehensive rehabilitation of the south runway (Runway 07R/25L), the parallel taxiway (Taxiway Alpha) and related connectors consistent with the County's Airport Pavement Maintenance Program. The majority of funding for capital projects comes from Federal Airport Improvement Program grants or State grants from the California Department of Transportation Division of Aeronautics. Additional funding for capital and other projects comes from the County's Aviation Enterprise Fund.

Overall, the airport plays a vital role in the nation's integrated system of airports and is a valuable asset to the local communities, serving the diverse constituents of the City of Compton and the broader County of Los Angeles.

Compton, California 90220

COMMUNITY BENEFITS:

General Aviation Products, Services, and Facilities

- * Business / Corporate Travel
- * Aircraft Charter / Air Taxi
- * Flight Training
- * Personal Flying (Recreation and Training)
- * Utility/Pipeline Patrol & Inspection
- * Aerial Surveying & Observation
- * Aircraft Storage
- * Aviation Businesses (Aircraft Fueling, Aircraft Rental, Paint Shop, Banner Towing, etc.)

Emergency Preparedness & Response

- * Aerial Fire Fighting Support
- * Law Enforcement/National Security
- * Disaster Relief
- * Search & Rescue

Community Services & Facilities

- * Aeromedical / Air Ambulance Flights
- * News, Weather & Traffic Reporting
- * Events (Annual Air Fair, Airport Tours, etc.)
- * Youth Organizations / Educational Programs
- * Aeronautical Museum
- * Aircraft Viewing Area & Meeting Facilities

Destination & Special Events

- * Local and regional tourism
- * The Home Depot Center (3 mi.), Hollywood Park (10 mi.), Downtown Los Angeles, The Staples Center, and The Los Angeles Convention Center (13 mi.)

Employment

- * The airport directly supports approximately 67 jobs. Accounting for the multiplier effect, the airport creates roughly 110 jobs, with associated labor income of nearly \$6.2 million annually.

Economic Impact

- * The airport and the surrounding communities benefit from the estimated \$14.7 million in total airport-related (direct, indirect and induced) spending each year.

(General Aviation includes all civilian flying exclusive of scheduled passenger airlines and military.)
