Mr. Patrick M. Lemos

Dear Mr. Lemos:

8411 GRAPE STREET
ASSESSOR'S MAP BOOK NO. 6026, PAGE 027, PARCEL 11
ROAD RIGHT-OF-WAY WAIVER REQUEST

We have reviewed your request to reduce the future right-of-way width required on the alley and the walk for the subject property.

The existing road right-of-way width on the alley is 15 feet with a planned right-of-way width of 30 feet for the alley. At the subject location, under current County standards, we would require an additional 7.5-foot-wide strip for the alley.

However, due to the limited building setback of the neighboring properties and the future development patterns of the surrounding neighborhood, we recommend that the required width for the alley be reduced to 20 feet. This means an additional 2.5-foot-wide future dedication is required for the alley. For the walk on the south side, the existing width of 4 feet is adequate for road purposes. This means no additional dedication is required for the walk.

A copy of this letter has been sent to our Building and Safety Division (Firestone District Office) and the Department of Regional Planning.

A modification to your building setback for the subject property may be required. You may request a building setback modification from the Department of Regional Planning. For more information, please contact Mr. Sorin Alexanian of the Department of Regional Planning at (213) 974-6470.

If you have any questions or require additional information, please contact Mr. Ruben Cruz or Mrs. Letty Schleikorn at (626) 458-4910.

Very truly yours,

DONALD L. WOLFE
