OWNER BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason *(Section 7031.5, Business and Professions Code). Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).*

☐ I, as owner of the property will do the work, and the structure is not intended or offered for sale.

(Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

Dear Owner or Occupant:

This letter is to inform you of the requirements regarding installation of a decorative gas appliance such as an artificial gas log in your fireplace. The L.A. County Mechanical Code requires a permit and inspection to ensure compliance with the Code requirements. The fireplace damper must be permanently fixed in the OPEN position or removed to allow the appliance to vent properly to the outside. Improper venting of gas appliances could result in illness or even death. Please contact the office listed above for further information.

Sincerely,

David Kosaff
