Gentlemen:

PLAN CHECK NO. (5506) 6015

The Zoning Ordinance (Title 22 of the Los Angeles County Code) relating to adequate highway or street width requires, with certain exceptions, that before any lot which adjoins a highway, street or alley can be used, any right-of-way necessary for widening of the half of the road adjoining the lot must be dedicated and any necessary road improvements must be constructed in conformity with Department standards.

Your application located at 10812-16 Larch Avenue is subject to the provisions of the Zoning Ordinance. Therefore, before the site can be used, the requirements on the attached "Agreement to Improve" must be satisfied.

Please execute and return the enclosed Deed and Agreement to Improve to the Building and Safety Division prior to the issuance of your building permit. The signature on the documents must be notarized. A copy of the Deed and Agreement to Improve is also enclosed for your files.

A permit will be required from the Construction Division for the road work. It is suggested that any plans needed for obtaining the permit be submitted as soon as possible to allow maximum time for processing. Additional information regarding procedures and requirements may be obtained by contacting Mr. Roland Jones at (818) 458-4909.

Very truly yours,

T. A. TIDEMANSON

Reference: Our Estimate No. 04328-Lennox

Gentlemen:

In reply to your request regarding public fire service to your project at 10814-10816 Larch Avenue in Lennox, the estimated cost for the installation of:

Applicant's costs: (Non-Refundable)

520 feet	8-inch P. V. C. Pipe	$34,840
1	6-inch Fire Hydrant	2,900
	Subtotal	$37,740
10% Contingency		3,774
Tax		10,211
	Total	$51,725

It is possible that additional costs will develop as a project progresses to completion. The Company makes provisions, in part, for such additional costs by collecting a ten percent contingency fee. Any consumed portions of this fee will be part of the contract. Any unused portion will be promptly refunded to the applicant when the closing cost is issued. Additional cost over and above the 10% contingency fee will be billed as part of the closing cost statement.

This is a rough estimate prior to any detailed engineering and field checks.

Upon completion of the above facilities, the available fire flow will be 2,000 gpm under normal operating conditions.

We require that you install water conservation devices in compliance with local building codes and/or ordinances such as low volume flush toilets or toilet flush valves, low flow shower heads, low flow kitchen and lavatory faucets, and that all landscape irrigation be controlled automatically - set for early morning or late night operation.

Domestic services will be provided by Southern California Water Company at no cost to the developer.

If the applicant wishes an install and convey contract, you may exercise the option of securing a bid from a qualified contractor, in addition to the Company's bidding procedure. Notice of this decision will have to be made to the Company by written request which will have to accompany the signed preliminary letter. Determination of the contractor's qualification will be made by Southern California Water Company. Upon written request to the undersigned, our Company will supply the applicant a bid package for use by his contractor. The bid must be submitted on the form attached to the bid package. Bidding by the contractor for the applicant will be done concurrent with the competitive bidding of the project by Southern California Water Company. Any bids received after the closing of the bid period by Southern California Water Company will not be accepted. The contract will be based on the low bid cost.

Should you have any Engineering questions or correspondence concerning plans, design, system capabilities, or specifications, you may contact our Engineer Sara McNeese at (714)394-3629. All other communications should be directed to me.

To offset the cost of engineering, drawing a final plan, bidding and bid evaluation and preparation of a final estimate as a basis of a contract with you, we request that you send a check in the amount of $3,200. This amount will be credited toward your future contract.

If you wish us to draw up the plans and send them to bid, please sign one copy of this letter and return it to this office together with your check.

Sincerely,

Emma E. Maxey
