Mr. Frank Marshall

REFERENCE: D.O.L. 4/13/81
5424 W. 61st Street
Los Angeles, California 90056

Dear Mr. Marshall:

We have been informed that you and the Farmers Insurance Group appear to have joined and mutually agreed to remove our name as a payee on the draft funding payment for the contracted work at the above referenced fire damaged dwelling structure, without our prior knowledge or consent.

I have attempted, in good faith, to meet with all parties to discuss that matter and its effect on our contract with you and have attempted to discuss further the newly discovered damage to the structure and its causes, so as to define and resolve the responsibilities as to payment for repair or replacement of those areas.

As I have had no positive response from any party and, since you have indicated that you wish to make changes, additions, amendments and take credits for various items of the scope of repair, we choose at this time to stop all work and will invoice you for all materials purchased and left secured on the site, and all work completed to date.

We will advise the County of Los Angeles, Department of Building and Safety, to inspect work completed under permit number 1104A and guarantee correction and compliance to building code requirements on all structural areas completed by us.

We will be pleased to meet you at the site to review our completed work and to clear the site of any debris or hazard created by our work.

As we had informed you and were awaiting your advice and selection of material, the roof structure is ready to accept a roofing application conforming to present day building code requirements, and we have caused a semi-protective 6 mil polyethylene covering to be attached over the roof structure so as to attempt to mitigate any water flow to the interiors.

A new building permit should be applied for, as our responsibility will conclude with framing inspection on the permit applied for by Jason Construction Company.

Respectfully,

JASON CONSTRUCTION COMPANY
