CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Berg Development Group
c/o Civiltec Engineering
855 West Foothill Boulevard
Monrovia, CA 91016

Dear Applicant:

SUBJECT: OAK TREE PERMIT CASE NO. 98-108-(5)
To authorize the removal of one oak tree necessary to accommodate the construction of a single-family residence.
9111 East Fairview Avenue, Pasadena.

PLEASE NOTE: This document contains the Director's findings, order and conditions relating to **APPROVAL** of the above referenced case.

CAREFULLY REVIEW EACH CONDITION.

Condition #1 requires that the permittee must file an affidavit accepting the conditions before this grant becomes effective. **USE THE ENCLOSED AFFIDAVIT FOR THIS PURPOSE.**

The applicant or **ANY OTHER INTERESTED PERSON** may **APPEAL** the Director's decision to the Regional Planning Commission at the office of the Commission's secretary, Room 170, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. Contact the Commission's secretary for the necessary form and the amount of the appeal fee at (213) 974-6409. The appeal must be postmarked or delivered in person within 15 days after this notice is received by the applicant. This grant will not become effective until and unless this period has passed without an appeal.

For further information on appeal procedures, compliance with conditions or any other matter pertaining to this grant, please contact the Zoning Permits Section at (213) 974-6443. For information on inspection or inspection fees, contact the County Forester at (818) 890-5719 or (213) 881-2481.

DIRECTOR'S FINDINGS AND ORDER:

FACTUAL SUMMARY:

The applicant, Berg Development Group, has requested authorization to remove one oak tree in order to accommodate the construction of a single-family residence at 9111 East Fairview Avenue, Pasadena.

OAK TREE PERMIT CASE NO. 98-108-(5)

FINDINGS:

Absent the encroachments permitted by the attached conditions, the placement of the subject oak tree precludes the reasonable and efficient use of the property for a purpose otherwise authorized. The work approved is not contrary to or in substantial conflict with the intent and purpose of the oak tree permit procedure.

DIRECTOR'S ACTION:

1. I find that the project is categorically exempt (Class 4c) from the requirements of the California Environmental Quality Act and that the project will not have a significant effect on the environment.

2. In view of the findings of fact presented above, Oak Tree Permit Case No. 98-108-(5) is **GRANTED** with the attached conditions contained in the County Forester's letter dated October 28, 1998.

Mr. Ron Hoffman
Department of Regional Planning
Zoning and Permits Section
320 West Temple Street
Los Angeles, CA 90012

Dear Mr. Hoffman:

SUBJECT: OAK TREE PERMIT #98-108, SUBDIVISION OF LOT 7 TRACT 3747, LOCATED AT 9111 EAST FAIRVIEW AVENUE IN AN UNINCORPORATED AREA OF SAN GABRIEL

We have reviewed the "Request for Oak Tree Permit" #98-108. The project is located at 9111 East Fairview Avenue in the unincorporated area of San Gabriel. The Oak Tree Report is accurate and complete as to the location, size, condition and species of the Oak trees on the site. The term "Oak Tree Report" refers to the document on file by Tucker's Tree Works, the consulting arborist, dated August 4, 1998.

We recommend the following as conditions of approval:

OAK TREE PERMIT REQUIREMENTS:

1. This grant shall not be effective until the permittee and the owner of the property involved (if other than the permittee), have filed at the office of the Department of Regional Planning their affidavit stating that they are aware of and agree to accept all conditions of this grant.

   Unless otherwise apparent from the context, the term "permittee" shall include the applicant and any other person, corporation or other entity making use of this grant.

2. The permittee shall, prior to commencement of the use authorized by this grant, deposit with the County of Los Angeles Fire Department a sum of $300. Such fees shall be used to compensate the County Forester $100 per inspection to cover expenses incurred while inspecting the project to determine the permittee's compliance with the conditions of approval. These fees provide for two (2) biannual inspections and one final inspection to ensure the conditions of approval have been met.

Inspection and monitoring fee payments should be made payable and sent to:

County of Los Angeles Fire Department
ATTENTION: FISCAL SERVICES DIVISION, ROOM #225
1320 North Eastern Avenue
Los Angeles, CA 90063-3294

The Director of Regional Planning and the County Forester shall retain the right to make regular and unannounced site inspections.

3. Before commencing work authorized or required by this grant, the consulting arborist shall submit a letter to the Director of Regional Planning and the Forestry Division of the County of Los Angeles Fire Department stating that he or she has been retained by the permittee to perform or supervise the work and that he or she agrees to report to the Director of Regional Planning and the County Forester any failure to fully comply with the conditions of the grant. The arborist shall also submit a written report on permit compliance upon completion of the work required by this grant. The report shall include a diagram showing the exact number and location of all mitigation trees planted as well as planting dates.

4. The permittee shall arrange for the consulting arborist or a similarly qualified person to maintain all remaining Oak trees on the subject property that are within the zone of impact as determined by the County Forester for the life of the Oak Tree Permit or the Conditional Use Permit.

5. Copies of the Oak Tree Report, Oak tree map, mitigation planting plan and conditions of approval shall be kept on the project site and available for review.

PERMITTED OAK TREE REMOVAL:

6. This grant allows the removal of one (1) tree of the Oak genus, Quercus agrifolia, identified as Tree Number 1 on the applicant's site plan and Oak Tree Report.

7. In addition to the work expressly allowed by this permit, remedial pruning intended to ensure the continued health of a protected Oak tree or to improve its appearance or structure may be performed. Such pruning shall be limited to the removal of deadwood and stubs and medium pruning of branches two inches in diameter or less in accordance with the guidelines published by the National Arborist Association. Copies of these guidelines are available from the Forestry Division of the County of Los Angeles Fire Department. In no case shall more than 20 percent of the tree canopy of any one tree be removed.

8. Except as otherwise expressly authorized by this grant, the remaining Oak trees shall be maintained in accordance with the principles set forth in the publication, "Oak Trees: Care and Maintenance," prepared by

the Forestry Division of the County of Los Angeles Fire Department, a copy of which is enclosed with these conditions.

MITIGATION TREES:

9. The permittee shall provide per the arborist's recommendation mitigation trees of the Oak genus, Quercus agrifolia, at a rate of three (3) trees for each tree removed for a total of three (3) trees.

10. Each mitigation tree shall be at least a 24-inch boxed specimen in size and measure one inch or more in diameter, one foot above the base. Free form trees with multiple stems are permissible; the combined diameter of the two largest stems of such trees shall measure a minimum of one inch in diameter one foot above the base.

11. Mitigation trees shall consist of indigenous varieties of Quercus agrifolia grown from a local seed source.

12. Mitigation trees shall be planted within one year of the permitted Oak tree removals. Mitigation trees shall be planted either on-site or at an off-site location approved by the County Forester. Alternatively, a contribution to the County of Los Angeles Oak Forest Special Fund may be made in the amount equivalent to the Oak resource loss. The contribution shall be calculated by the consulting arborist and approved by the County Forester according to the most current edition of the International Society of Arboriculture's "Guide For Plant Appraisal."

13. The two-year maintenance period will begin upon receipt of a letter from the permittee or consulting arborist to the Director of Regional Planning and the County Forester indicating that the mitigation trees have been planted. The maintenance period of the trees failing to survive two years will start anew with the new replacement trees. Subsequently, additional monitoring fees shall be required.

14. All mitigation Oak trees planted as a condition of this permit shall be protected in perpetuity by the Los Angeles County Oak Tree Ordinance once they have survived the required maintenance period.

NON-PERMITTED ACTIONS AND VIOLATIONS:

15. Utility trenches shall not be routed within the protected zone of an Oak tree unless such locations are required by the serving utility.

16. Equipment, materials and vehicles shall not be stored, parked, or operated within the protected zone of any Oak tree.

17. No temporary structures shall be placed within the protected zone of any Oak tree.

18. Violations of the conditions of this grant shall result in immediate work stoppage or in a notice of correction depending on the nature of the violation. A time frame within which deficiencies must be corrected will be indicated on the notice of correction.

19. Should any future inspection disclose that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be held financially responsible and shall reimburse the Forestry Division of the County of Los Angeles Fire Department for all enforcement efforts necessary to bring the subject property into compliance.

If you have any additional questions, please contact Deputy Forester Keith Deagon at (818) 890-5719 or this office at (323) 890-4330.
