Dear Mr. Rozelle:

3819 EAST ARBOLEDA STREET
ASSESOR'S MAP BOOK NO. 5757, PAGE 025, PARCEL 023

We have reviewed your request to reduce the future right-of-way width required on the alley for the subject property.

The existing road right-of-way width is 20 feet on the alley, with a planned right-of-way width of 30 feet on the alley. At the subject location, under current County standard, we would require an additional 5-foot-wide strip of right of way on the alley.

We regret to inform you that we cannot reduce the required right-of-way width for the alley since other property owners surrounding the alley have dedicated the alley. However, since you are proposing to construct a carport with a proposed rear yard setback of 6 feet, we have no objection to the proposed carport.

A copy of this letter has been sent to our Building and Safety Division – San Gabriel Valley District Office and the Department of Regional Planning.

A modification to your building setback of the subject properties may be required. You may request a building setback modification from the Department of Regional Planning. For more information, please contact Mr. Sorin Alexanian of the Department of Regional Planning at (213) 974-6483.
