PLAN CHECK NO. 0883

The Zoning Ordinance (Title 22 of the Los Angeles County Code) relating to adequate highway or street width requires, with certain exceptions, that before any lot which adjoins a highway, street or alley can be used, any right-of-way necessary for widening of the half of the road adjoining the lot must be dedicated and any necessary road improvements must be constructed in conformity with Department standards.

Your application located at 1114 West 105th Street is subject to the provisions of the Zoning Ordinance. Therefore, before the site can be used, the following requirements must be satisfied.

Please execute and return the enclosed Deed and Agreement to Improve to the Building and Safety Division prior to the issuance of your building permit. The signature on the documents must be notarized. A copy of the Deed and Agreement to Improve is also enclosed for your files.

A permit will be required from this Department for the following work:

1. Relocate the curb and gutter 20' from centerline on 105th Street and reconstruct the driveway and sidewalk.
2. Plant and maintain street trees on 105th Street.
3. Construct base and pavement on the alley widening and on 105th Street.

It is suggested that this permit be obtained as soon as possible to allow maximum time for processing. Additional information regarding procedures and requirements may be obtained by contacting Mr. Roland Jones at 738-4112.
