If you have marked "NO" in all the boxes, an air quality permit is not needed at this time, and **this checklist is your written release.**

If you marked "YES" in any of the boxes, you **must contact the South Coast Air Quality Management District (AQMD).** Please read the requirements on the back of the checklist.

(800) 388-2121

NOTICE OF REQUIREMENTS
GOVERNMENT CODE SECTION 65850.2 (AB3205)

California State Law (Government Code 65850.2) prohibits the Building Departments from issuing a final certificate of occupancy unless all requirements of the local air quality agency are met. All applicants are required to complete the air quality permit checklist. The checklist is designed to aid the applicant for a nonresidential building permit only. If the answer to any of the questions is "YES," the Building Department must obtain a written release from the local air quality agency verifying that the applicant is in compliance.

1. All nonresidential building permit applicants must complete this checklist.

2. If the answers to all questions are "NO," the Building Department can accept the checklist as the written release.

3. If any questions are answered "YES," the applicant must contact the AQMD by calling (800) 388-2121 to determine whether air quality permits are required for any equipment which may be operated at the site. If the AQMD determines that air quality permits **are not** required or that all requirements have been met, a written release will be issued.

4. If air quality permits **are** required and applications have not been submitted, the applicant must submit the necessary permit application(s) and appropriate fees before a written release will be issued.

AQMD is committed to expediting all clearance letter requests. However, it may take several weeks to verify compliance with all requirements. Therefore, you are advised to contact AQMD immediately after applying for building permits.
