FEE REGULATIONS

1. Residential

Fees can be charged on any new square footage within the perimeter of the residential structure, except that carports, walkways, garages, overhangs, patios, enclosed patios, detached accessory structures, or similar structures cannot be charged. (Government Code section 65995 (b) (1)).

Fees on remodels are limited by the restrictions above. Additionally, fees on remodels can not be assessed unless the increase in the square footage of the residence is more than 500 square feet. If the remodel creates a net increase of greater than 500 square feet, the fee is charged on the entire net increase in square footage. (Government Code section 53080 (a) (1) (c)).

2. Commercial/Industrial

Government Code section 65995 (b) (2) specifies the type of commercial/industrial space that can and cannot be charged. Fees can be charged on new covered and enclosed space within the perimeter of the structure, not including storage areas incidental to the development, garages, parking structures, unenclosed walkways, or utility or disposal areas.

3. Development That Cannot be Charged

Government Code section 65995 (c) (1) states that the following cannot be charged: (1) structures that are tax exempt and used exclusively for religious purposes; (2) private full-time day schools as described in Education Code section 48222; and (3) structures owned and occupied by a governmental agency.

Government Code sections 65995, 66011 and 53080.6 together prohibit charging any kind of fee on structures replacing those destroyed or demolished. This prohibition is on a one-for-one square footage replacement basis no matter what caused the destruction of the first structure. However, if the functioning, size or use of the previous structure is changing, then the resulting increase in functioning, size or change of use impacts school facilities and must be charged a fee to mitigate the impact of this increase or change.

4. Senior-Only Facilities

Although senior-only facilities are charged fees, Government Code section 65995.1 (a) requires the cap on certain senior-only facilities be the same cap as that of commercial/industrial fees. Senior housing affected by this lower cap is that defined in Civil Code section 51.3, and Health and Safety Code sections 1569.2 (j) and Government Code section 15432 (d) (9). Additionally adult only mobilehome parks come under this lower cap (Government Code section 65995.2 (a)).

5. Appeal Process

An appeal for commercial/industrial fees is allowed per Government Code section 53080.1 (e) (2). The party appealing the fee, charge, dedication or other requirement shall bear the burden of establishing that the fee, charge or dedication or other requirement is improper. Permits shall not be issued on developments under appeal.
