All agenda items and reports are available for review in the City Clerk's Office and www.hpca.gov. Any writings or documents provided to a majority of the City Council regarding any item on this agenda (other than writings legally exempt from public disclosure) will be made available for public inspection in the Office of the City Clerk located at 6550 Miles Avenue, Huntington Park, California 90255 during regular business hours, 7:00 a.m. to 5:30 p.m., Monday – Thursday, and at the City Hall Council Chambers during the meeting.

Any person who requires a disability-related modification or accommodation, including auxiliary aids or services, in order to participate in the public meeting may request such modification, accommodation, aid or service by contacting the City Clerk's Office either in person at 6550 Miles Avenue, Huntington Park, California or by telephone at (323) 584-6230. Notification in advance of the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting.

**PLEASE SILENCE ALL CELL PHONES AND OTHER ELECTRONIC EQUIPMENT
WHILE COUNCIL IS IN SESSION. Thank you.**

PLEASE NOTE--The numerical order of items on this agenda is for convenience of reference. Items may be taken out of order upon request of the Mayor or Members of the City Council. Members of the City Council and the public are reminded that they must preserve order and decorum throughout the Meeting. In that regard, Members of the City Council and the public are advised that any delay or disruption in the proceedings or a refusal to obey the orders of the City Council or the presiding officer constitutes a violation of these rules.

- The conduct of City Council meetings is governed by the portion of the California Government Code commonly known as the "Brown Act" and by the Huntington Park City Council Meeting Rules of Procedure.
- The City Council meeting is for conducting the City's business, and members of the audience must obey the rules of decorum set forth by law. This means that each speaker will be permitted to speak for three minutes to address items that are listed on the City Council agenda or topics which are within the jurisdictional authority of the City.
- No profanity, personal attacks, booing, cheering, applauding or other conduct disruptive to the meeting will be permitted. Any person not adhering to the Rules of Procedure or conduct authorized by the Brown Act may be asked to leave the Council Chambers.
- All comments directed to the City Council or to any member of the City Council must be directed to the Mayor (or Chairperson if Mayor is absent).

We ask that you please respect the business nature of this meeting and the order required for the proceedings conducted in the Council Chambers.

ITEM NO. 9

CITY OF HUNTINGTON PARK

Public Works Department
City Council Agenda Report

November 1, 2022

Honorable Mayor and Members of the City Council
City of Huntington Park
6550 Miles Avenue
Huntington Park, CA 90255

Dear Mayor and Members of the City Council:

PUBLIC HEARING TO ADOPT THE LOS ANGELES COUNTY REVISED COUNTYWIDE SITING ELEMENT

IT IS RECOMMENDED THAT CITY COUNCIL:

1. Open the public hearing and hear objections or protests, if any, to the adoption of the Los Angeles County revised countywide siting element;
2. Close the public hearing; and
3. Adopt Resolution No. 2022-37 declaring the adoption of the Los Angeles County revised countywide siting element.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

At the October 18, 2022 City Council meeting, the City Council approved setting November 1, 2022 as the public hearing date to hear any objections or protests to the adoption of the Los Angeles County revised countywide siting element (CSE). The California Integrated Waste Management Act of 1989 (AB 939), as amended (Section 40000 et seq. of the California Public Resources Code), requires the County of Los Angeles to prepare a countywide siting element that describes how the county, and the cities within the county, plan to manage the disposal of their solid waste for a 15-year planning period.

The Siting Element contains specific criteria developed to assist the 88 cities and County unincorporated areas in permitting or denying the expansion of existing solid waste disposal facilities, or new landfills and/or transformation of facilities to incineration facilities. Program goals are integral to protecting public health and regional natural resources as listed below:

- Protect residents

Page 2 of 4

- Ensure the structural stability and safety of the facility
- Protect surface water
- Protect groundwater
- Protect air quality
- Protect environmentally sensitive areas
- Ensure safe transportation of solid waste
- Protect the social and economic development goals of the community

Population growth requires the future consideration of space necessary to mitigate the proper disposal of solid waste through addressing potential expansions of several existing in-County Class III landfills within the 15-year planning period. Diversion of construction debris, recyclables, etc. from landfills are ways in which the City complies with AB 939. Public involvement during the planning process is important when properly development the CSE. Holding a public hearing provides our residents with the opportunity to review and comment on the process. The Preliminary Draft CSE was posted on the City's website and is accessible from the Los Angeles County Department of Public Works' website: <https://dpw.lacounty.gov/epd/cse/AboutUs/>

Staff recommends that the City Council adopt the resolution adopting the final Draft CSE which will be submitted to the County Board of Supervisors for acceptance and CalRecycle's ultimate approval. Resolution are due to the County on or before December 1, 2022.

ENVIRONMENTAL

The California Environmental Quality Act (CEQA) is a statute that requires the identification of significant environmental impacts based on determining actions taken on a project or program. Recommendation are made to mitigate impacts associated with the actions taken.

On August 2, 2022, the County of Los Angeles Board of Supervisors certified the Final Environmental Impact Report and its associated environmental documents for the Los Angeles County Revised Countywide Siting Element (Revised CSE), as well as authorized Los Angeles County Public Works, acting as the lead agency, to release and submit the Revised CSE to each city within Los Angeles County for a State-mandated 90-day approval period, in accordance with Public Resources Code Sections 41721 and 41760.

LEGAL REQUIREMENT

State law requires cities and counties to divert and reduce 25 percent of their solid waste from landfills and solid waste facilities by 1995 and 50 percent by the year 2000, through source reduction, recycling and composting programs. State law also has recognized that after these diversion goals are met, the remaining waste must be properly disposed of in order to protect the public health and safety. As such, State law requires counties to prepare a plan to address management of this residual waste at landfills and transformation facilities for a 15-year planning period. Purpose of the CSE is to provide a

planning mechanism to address the disposal needs of the 88 cities and the County unincorporated areas over the next 15-years.

As required by Public Resources Code Sections 41721 and 41760, the city has 90 days to either take formal action to adopt, or take no action, or disapprove, at the cities' individual discretion, as described below:

Formal Action by City

- Take formal action to adopt a resolution after conducting a duly noticed public hearing for the purpose of approving or disapproving the Revised CSE.

No Action by City

- If a city does not act within the 90-day period, the document will be considered "tacitly approved" by that city.

City Disapproves

- Pursuant to Title 14, California Code of Regulations, Sections 18783, if a city disapproves the Revised CSE, the city shall give written notice to the Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force, the Board, and the Department of Resources Recycling and Recovery (CalRecycle) of the deficient areas in the Revised CSE, within 30 days of disapproval.

FISCAL IMPACT/FINANCING

There is no fiscal impact associated with the approval of this recommendation.

CONCLUSION

Upon Council approval, staff will proceed with the recommended actions.

Respectfully submitted,

RICARDO REYES
City Manager

CESAR ROLDAN
Director of Public Works

CITY of CALABASAS

CITY COUNCIL AGENDA REPORT

DATE: NOVEMBER 1, 2022

TO: HONORABLE MAYOR AND COUNCILMEMBERS

FROM: MICHAEL KLEIN, COMMUNITY DEVELOPMENT DIRECTOR *MAK*

SUBJECT: CONSIDERATION OF RESOLUTION NO. 2022-1829, DISAPPROVING THE LOS ANGELES COUNTY REVISED COUNTYWIDE SITING ELEMENT DATED JULY 2022.

MEETING DATE: NOVEMBER 9, 2022

SUMMARY RECOMMENDATION:

That the Council approve Resolution No. 2022-1829, disapproving the Los Angeles County Revised Countywide Siting Element dated July 2022.

BACKGROUND:

On August 2, 2022, the County of Los Angeles Board of Supervisors certified the Final Environmental Impact Report and its associated environmental documents for the Los Angeles County Revised Countywide Siting Element (Revised CSE), as well as authorized Los Angeles County Public Works, acting as the lead agency, to release and submit the Revised CSE to each city within Los Angeles County for a State-mandated 90-day approval period, in accordance with Public Resources Code Sections 41721 and 41760. A copy of the Revised CSE can be viewed here, <https://dpw.lacounty.gov/epd/cse/docs/Final%20Draft%20Revised%20CSE.pdf> .

As required by Public Resources Code Sections 41721 and 41760, upon receipt of the Revised CSE, each city has 90 days to either take formal action to adopt, or take no action, or disapprove, at the cities' individual discretion, as described below:

Formal Action by City

Take formal action to adopt a resolution after conducting a duly noticed public hearing for the purpose of approving or disapproving the Revised CSE.

No Action by City

If a city does not take action within the 90-day period, the document will be considered "tacitly approved" by that city.

City Disapproves

Pursuant to Title 14, California Code of Regulations, Sections 18783, if a city disapproves the Revised CSE, the city shall give written notice to the Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force, the Board, and the Department of Resources Recycling and Recovery (CalRecycle) of the deficient areas in the Revised CSE, within 30 days of disapproval.

DISCUSSION/ANALYSIS:

The California Integrated Waste Management Act, Assembly Bill 939, requires each county to prepare a countywide siting element (CSE) that describes how the county, and the cities within the county, plan to manage the disposal of their solid waste for a 15-year planning period. CSE addresses the disposal capacity need for each planning year on a countywide basis. State law defines disposal capacity as the capacity provided by landfills and/or transformation facilities.

The existing CSE was approved by CalRecycle in 1998 and has been revised by Los Angeles County Public Works, acting as the lead agency, under the auspices of the Task Force.

The Revised CSE provides a description of the areas and strategies that may be used to address the State mandates for adequate disposal capacity during the planning period and discusses how those areas and strategies may help the County meet the disposal capacity requirements under various scenarios. The areas/strategies considered include the use of existing permitted disposal capacity, increase in diversion rates, utilization of out-of-County disposal facilities, and fostering the development of technologies that provide alternatives to landfill disposal.

Staff has reviewed the Revised CSE and has concerns regarding the maps in the document, which include inaccurate boundary lines for the Calabasas Landfill. Furthermore, staff notes that the storage of containers for storm water management along Parkville Road, approximately 100 feet from residential properties. Staff believes this to be inconsistent with Los Angeles County Code Section 22.140.750, which prohibits solid waste operations within 1,500 feet of residential uses. Staff is also concerned that the County has not analyzed the potential environmental impacts of this stormwater management system siting decision. For the above reasons, staff recommends that that City Council disapprove the Revised CSE and direct staff to provide written notice to the Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force.

FISCAL IMPACT/SOURCE OF FUNDING:

None.

REQUESTED ACTION:

That the Council adopt Resolution No. 2022-1829, disapproving the Los Angeles County Revised Countywide Siting Element dated July 2022.

RESOLUTION NO. 2022-1829

**RESOLUTION OF THE CITY OF CALABASAS, CALIFORNIA,
DISAPPROVING THE LOS ANGELES COUNTY REVISED
COUNTYWIDE SITING ELEMENT DATED JULY 2022.**

WHEREAS, Section 41700 of the California Public Resources Code requires the County of Los Angeles to prepare a countywide siting element regarding the county's integrate waste management plan; and

WHEREAS, an Environmental Impact Report was prepared for the Revised Countywide Siting Element by the County of Los Angeles in compliance with the California Environmental Quality Act and certified by the County of Los Angeles Board of Supervisors on August 2, 2022; and

WHEREAS, the Los Angeles County Public Works has prepared Findings of Fact Regarding the Final Environmental Impact Report for the Revised Countywide Siting Element, which conclude that the adoption and implementation of the Revised Countywide Siting Element, with the mitigation measures discussed in the Final Environmental Impact Report, will not result in a significant impact on the environment; and

WHEREAS, the Revised Countywide Siting Element must be approved by a majority of the cities within the County containing a majority of the incorporated population of the County and by the Los Angeles County Board of Supervisors; and

WHEREAS, the Los Angeles County Public Works has submitted the Revised Countywide Siting Element dated July 2022, to the City of Calabasas for approval together with the certified Environmental Impact Report and the Environmental Findings and Statement of Overriding Considerations for the Revised Countywide Siting Element; and

WHEREAS, on November 9, 2022, the City of Calabasas held a public meeting at which the City Council considered adoption of the Revised Countywide Siting Element; and

WHEREAS, at the public meeting all interested persons were given an opportunity to appear and be heard and the City Council considered all public comments.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF THE CITY OF CALABASAS of the County of Los Angeles:

SECTION 1. The City disapproves the Revised Countywide Siting Element,

dated July 2022 due to the following reasons:

- A. The Revised CSE includes maps with inaccurate boundary lines for the Calabasas Landfill, resulting in placement by the county of large storm-water containers on land owned by the City of Calabasas, not by the County, and directly adjacent to residential properties.
- B. The County, via its operation of the Calabasas Landfill, has placed large storm water containers approximately 100 feet from residential properties, which is inconsistent with Los Angeles County Code Section 22.140.750.
- C. The County failed to analyze the potential environmental impacts of its decision to place large storm-water containers within 100' of residential properties on land not owned by the County, including potential impacts on water quality, biological resources, geology and soils, aesthetics, hazardous waste propagation, and wildfire risk, as required by the California Environmental Quality Act, Public Resources Code section 21000 et seq.

SECTION 2. That the City Manager or designee shall take all necessary actions to implement this Resolution.

The City Clerk shall certify to the adoption of this Resolution and shall cause the same to be processed in the manner required by law.

PASSED, APPROVED AND ADOPTED this 9th day of November 2022.
