**SUBJECT: LOS ANGELES COUNTY PHARMACEUTICALS AND SHARPS
COLLECTION AND DISPOSAL STEWARDSHIP ORDINANCE – SUPPORT**

Dear Supervisor Solis:

The City of Rosemead is in support of Los Angeles County's efforts to adopt an ordinance which would require the development of Stewardship Plans to address the collection and disposal of unwanted/unused pharmaceuticals and sharps waste generated by residents. The Ordinance is important because it establishes a sustainably financed program that will provide residents with a convenient means to safely dispose of unwanted sharps and pharmaceuticals and help to prevent them from entering the environment, reduce their availability for drug abuse and misuse, and reduce injuries associated with sharps being improperly disposed. With access to safe and convenient disposal options, as well as a robust outreach and education program residents will be more informed of the appropriate collection and disposal methods.

The passage of this ordinance would ensure that manufacturers and producers of prescription and nonprescription drugs and sharps share in the responsibility of proper disposal of their products. Our City supports this shared responsibility approach and do not want the cost of managing these materials at the end of their life solely to come from local jurisdictions.

We understand the County has conducted multiple stakeholder meetings which included representatives from the manufacturers and producers of these materials, retailers, pharmacies, consumer advocacy groups, environmental organizations, waste hauling industry, and others in order to develop the most effective Ordinance.

Following adoption of the Ordinance by the Board, the City of Rosemead is interested in adopting a legal Ordinance so that our City's residents also have access to safe, convenient, and sustainably financed collection and disposal methods of pharmaceuticals and sharps.

Sincerely,
