October 24, 2012

Mr. Coby Skye
Los Angeles County Department of Public Works
Environmental Programs Division
900 South Fremont Avenue
Alhambra, CA 91803-1331

Dear Mr. Skye:

**ALTERNATIVE TECHNOLOGY ADVISORY SUBCOMMITTEE
MEMBERSHIP**

On behalf of the Los Angeles County Integrated Waste Management Task Force (Task Force), I would like to welcome you as the new Chairman of the Alternative Technology Advisory Subcommittee (ATAS), to be effective immediately.

The ATAS is an advisory body whose primary purpose is to evaluate, support, and promote the development of conversion technologies to reduce the County's dependence on landfill disposal. The Subcommittee was formed in 2005 and consists of 13 members that represent local government, utility and solid waste hauling companies, members of academia, and the community.

We have appreciated your service to the ATAS as Staff over the last several years, and now we look forward to your leadership and continued involvement in the ATAS as Chairman.

Very truly yours,

GAIL FARBER, Chair
Los Angeles County Solid Waste Management Committee/
Integrated Waste management Task Force

PAT PROANO
Assistant Deputy Director
Environmental Programs Division
