## COORDINATED AGENCY RECOVERY EFFORT

---

C.A.R.E. is a multi-agency public outreach program to disseminate information about recovery efforts and potential storm impacts following the August/September 2009 California wildfires.

### **MULLALLY DEBRIS BASIN SEDIMENT REMOVAL AND DISPOSAL STARTING MONDAY, DECEMBER 27, 2010**

The Los Angeles County Public Works Department will conduct a sediment cleanout of the Mullally Debris Basin in La Canada Flintridge starting Monday, December 27, 2010.

The cleanout is expected to take about one week to complete, depending upon weather conditions.

The sediment will be taken to the Dunsmuir Sediment Placement Site (SPS) in Glendale County crews and contractors are scheduled to work weekdays from 7:00 a.m. to 6:00 p.m. Information about the schedule and routes to and from the debris basin and sediment placement site can be found at [www.dpwcare.org](http://www.dpwcare.org) under "Debris Basin Sediment Cleanout Schedules and Routes."

Additional questions or concerns should be directed to the Hansen Yard Engineering Support Unit, Monday from through Friday 7:00 a.m. to 5:00 p.m. at (818) 896-0594 during working hours, after hours at (626) 458-HELP, or by email at [krickard@dpw.lacounty.gov](mailto:krickard@dpw.lacounty.gov).
