It is understood, that in the above described 50 foot strip all straight lines or courses are tangent to the curves which they join, and all curves which join other curves have a common tangent at their point of junction.

Second: An irregular shaped piece of land bounded as follows:

Beginning at a point on the easterly line of the 50 strip hereinbefore described, which is S.2°19'15"E.43.92 feet from a point which is N. 87°40'45"E.25 feet from the southerly point of beginning of the center line curve numbered 52 as shown on aforesaid County Surveyors Map No. 7839; thence N.56°02'E.383.09 feet to a point on the southerly line of aforesaid 50 foot strip, said southerly line having a course of S.65°36'45"E; thence northwesterly and southerly along the southerly and easterly line of said 50 foot strip to the place of beginning.

Third: An irregular shaped piece of land bounded as follows:

Beginning at a point on the southerly line of the 50 foot strip of land hereinbefore described, said point being also on the southerly prolongation of the radial line through the easterly end of curve numbered 62 as shown on aforesaid County Surveyors Map No. 7839; thence southerly along the prolongation of said radial line, to an intersection with the southerly boundary of the Rancho LaPuente, as defined by monuments and lines of occupation shown on aforesaid County Surveyors Map No. 7839; thence easterly in a straight line to a point on the southerly line of aforesaid 50 foot strip which is S.73°40'10" E.203.81 feet from the point of beginning; thence N.73°40'10"W.203.81 feet to the point of beginning.

We also grant to the County of Los Angeles the right to enter upon and occupy, for such time as may be necessary to actually construct

the road on the land herein granted, any portion of the land not hereinbefore described, for purposes of hauling, dumping, camping and maintaining any and all tools, machines, implements, equipment and appurtenances thereto, which may be necessary in the construction of said road.

We further grant to the County of Los Angeles the privilege of extending the cut or fill of said road beyond the limits of the several parcels of land above described, whenever, in the opinion of the County Surveyor, it may be necessary to do so for the proper construction and maintenance of said road, providing however, that the travelled surface of said road shall not at any point extend beyond the boundaries of the several parcels of land above described.

Parcel #2: Beg. at the point of intersection of the East line of aforesaid described parcel #1, with the North line of aforesaid Gwendolyn Drive. Thence nly along the East line of parcel #1 23.77' to the beg. of a curve concave nely having a radius of 25'; thence sely along said curve 36.95' to a point on the nly line of Gwendolyn Drive aforesaid; thence wly. along said nly line of said Gwendolyn Drive 21.93' to place of beg., the same to be known as Coldwater Canon Road.

Parcel #3: Beg. at the intersection of the wly. line of aforesaid described Parcel #1 with the North line of aforesaid Gwendolyn Drive; thence nly along the West line of Parcel #1 28.49' to the beg. of a curve concave nwly having a radius of 35'; thence swly. along said curve 46.27' to a point on the North line of Gwendolyn Drive; ~~thence ely along said North line of Gwendolyn Drive;~~ thence ely along said north line of Gwendolyn Drive 27.95' to place of beg. the same to be known as Coldwater Canon Road.

Parcel #4: A road 70' wide 35' es. of follow described center line. Beg. at the intersection of the ely line of Gwendolyn Drive and the center line of Lexington Road, as shown on map of Beverly Hills Sht. #2, M.B.22-22 & 23,

said intersection being the point of beg; thence sely 5.71' along a curve concave sly having a radius of 881.95' to the beg. of a curve concave sly. having a radius of 1964.64'; thence along said curve 291.39' to a point to be known as point "C" (a point 35' nly. along the radial line thru point "C" is a point to be hereinafter designated as point "D") continuing along the same curve from point "C" 91.21' to the beg. of a curve concave sly, having a radius of 637.27'; thence along said curve 266.94' to a point to be known as point "E", the radial line thru which is to mark the terminus of what is to be known as Lexington Road (A point 35' sly along the radial line thru point "E", is a point to be hereinafter designated as point "F").

Parcel #5: Beg. at point "B" as described in parcel #1, which is on a curve concave ely. having a radius of 176.24'; thence sly. along said curve 55.37'; thence S. 1°17'43" E. 35.64' to the beg. of a curve concave wly having a radius of 177.0'; thence along said curve 92.38' to a point to be known as point "G"; thence North 61° 23' 21" W. on a radial line 20' to a point, said point being the beg. of a curve concave wly having a radius of 157'; thence nly along said curve 67.58' to the beg. of a curve concave swly. having a radius of 45.85'; thence along said curve 76.21' to a point on a curve concave nly. having a radius of 78.81' and tangent to the last mentioned curve; thence in a nly direction along said curve 99.04' to point of beginning, the above described

parcel to be known as Coldwater Cañon Alley.

Parcel #6: A strip of land 20' wide; the ely. line of which is more particularly described as follows: Beg. at point "G" as described in Parcel #5; thence S. $28^{\circ}36'39''$ W. 24.47' to the beg. of a curve concave ely. having a radius of 267.0'; thence along said curve 197.39'; thence S. $13^{\circ}44'51''$ E. 7.59' to the beg. of a curve concave wly having a radius of 230.0'; thence along said curve 72.50'; thence S. $4^{\circ}18'47''$ W. 57.90' to the beg. of a curve concave ely. having a radius of 210.0'; thence along said curve 115.69'; thence S. $27^{\circ}15'5''$ E. 237.13' to the beg. of a curve concave swly. having a radius of 400.0'; thence along said curve 111.70'; thence S. $11^{\circ}15'5''$ E. 284.50' to the beg. of a curve concave ely. having a radius of 1000.0'; thence along said curve 208.33' to a point to be known as point "H"; the above described parcel of land to be known as Coldwater Cañon Alley.

Parcel #7: Beg. at point "H" as previously described in parcel #6, said point "H" is the beg. of a curve concave nely having a radius of 138.0'; thence along said curve in a sely direction 163.66' to point "D" as previously described in parcel #4, said point "D" being on a curve concave sly and tangent to the last mentioned curve having a radius of 1999.64'; thence wly along said curve 104.99' to the beg. of a curve tangent to and concave wly having a radius of 10'; thence in a nly direction along said curve **24.11'** to a point on a curve reversing and concave nely. having a radius of 158.0'; thence nly. along said curve 80.15' to a point said point being 20' wly and on a radial line to aforesaid point "H", the above described

parcel to be known as Coldwater Cañon Alley.

Parcel #8: Beg. at point "F" as previously described in Parcel #4, said point "F" being on a curve concave Swly. having a radius of 602.27'; thence sly along said curve 373.79' to the beg. of a curve concave nwly having a radius of 40'; thence along said curve 47.15' to a point on a line tangent; thence along said tangent line N. 40° 31' 28" E. 26.10' to its intersection with a curve concave swly. having a radius of 602.27' the radial bearing of said curve at the last mentioned point being S. 65° 33' 9" W; thence in a nly direction along said curve 1.10' to a point; thence N. 40° 31' 28" E. 51.09' to the beg. of a curve concave sly. having a radius 1404.45'; thence along said curve 77.02' to the beg. of a curve tangent thereto and concave nely having a radius of 30'; thence in a nwly direction along said curve 50.03'; thence N. 40° 46' 44" W. 125.60' to the beg. of a curve concave ely having a radius of 1139.13'; thence along said curve 260.21' to the beg. of a curve concave ely having a radius of 1612.28'; thence along said curve 661.26' to the beg. of a curve concave wly. having a radius of 741.78'; thence along said curve 413.20'; thence on a radial line S. 53° 53' 30" W. 50.00' to the beg. of a curve concave wly having a radius of 691.78'; thence sly. along said curve 385.36' to the beg. of a curve concave ely having a radius of 1662.28'; thence sly along said curve 681.76' to the beg. of a curve reversing and concave nly. having a radius of 20'; thence along said curve 49.99'

to a point; thence S. 25° 31' 18" W. 70.00' on a radial line thru Point "E" (as described in Parcel #4) to Point "F" which is the point of beg. the above described parcel to be known as Knaresborough Drive.

Parcel #9: A strip of land 39' wide, the sely. line of which is parallel to and 32' nwly measured at right angles from the nwly line of Sunset Blvd., as Deeds 4807-70, said strip is bounded wly. by the nely line of Gwendolyn Drive as shown on a map of Beverly Hills Sht. #2, M.B. 22-22 & 23, and ely. by the swly line of Knaresborough Drive as shown on Beverly Hills Sht. #2, the above described parcel to be known as Sunset Blvd.

All the above described parcels of land being shown on map attached and made a part of dated Oct. 1913.

the beginning of a curve concave to the southwest, having a radius of 100 feet; thence along said curve 41.89 feet to the beginning of a curve concave to the northeast, having a radius of 100 feet; thence along said curve 116.94 feet to the beginning of a curve concave to the southwest, having a radius of 67 feet; thence along said curve 123.95 feet to end of same; thence $S.55^{\circ}16'55''$ $W.153.72$ feet to the beginning of a curve concave to the northeast, having a radius of 55 feet; thence along said curve 137.27 feet to end of same; thence $N.18^{\circ}18'55''$ $E. 83.37$ feet to the beginning of a curve concave to the southeast, having a radius of 200 feet; thence along said curve 108.21 feet to end of same; thence $N. 49^{\circ}16'55''$ $E. 52.50$ feet to the beginning of a curve concave to the west, having a radius of 50 feet; thence along said curve 90.76 feet to end of same; thence $N.54^{\circ}43'05''$ $W.66.39$ feet to the beginning of a curve concave to the south having a radius of 75 feet; thence along said curve 71.99 feet to end of same; thence $S.70^{\circ}16'55''$ feet to the beginning of a curve concave to the northeast, having a radius of 65 feet; thence along said curve 155.42 feet to the beginning of a curve concave to the west, having a radius of 100 feet; thence along said curve 73.30 feet to the beginning of a curve concave to the east, having a radius of 100 feet; thence along said curve 95.99 feet to the beginning of a curve concave to the west, having a radius of 75 feet; thence along said curve 83.78 feet to end of same; thence $N. 23^{\circ}43'05''$ $W.33.28$ feet to a point on the northwesterly boundary line of the Rancho San Vicente y Santa Monica aforesaid, said point being Station 203+52.77 of the survey of the Topanga Canon Road as shown on County Surveyors Map No. 7915 on file in the office of the Surveyor of Los Angeles County.

It is understood that in the above described 50 foot strip, all straight lines or courses are tangent to the curves which they join, and all curves joining other curves have a common tangent at their point of junction.

We also grant to the County of Los Angeles during the time which may be necessary in the actual initial construction of said road, the right to enter upon and occupy any portion of the land not hereinbefore described, for purposes of hauling, dumping, camping, and maintaining any and all tools, machines, implements, equipment and appurtenances thereto which may be necessary during the time of initial construction of said road.

We further grant to the County of Los Angeles the privilege of extending the cut or fill of said road, or culverts or wing-walls thereto beyond the limits of the said 50 foot strip, whenever, in the opinion of the County Surveyor, it may be necessary to do so for the proper construction and maintainance of said road, providing however that the traveled surface of said road shall not at any point extend beyond the boundaries of the above described 50 foot strip.

It is understood that each of the undersigned grantors grants only that portion of the above described parcel of land which is included within land owned by said grantor or in which said grantor is interested.

IN WITNESS WHEREOF, _____ hereunto set its official seal by its duly authorized officers this 4th day of December 1913.

Road Book 4 - 257.

In re; Norwalk & Puente Mills Rd.

I herewith present map showing courses distances & relation of Norwalk & Puente Mills Rd. as surveyed by me to the Seebold Survey; to location of flume as it formerly existed, to fence, & property lines & present traveled road. Seebold says that he ran N 21° E from Sanfords NE cor. & shows said cor. on his plat to be the NE cor. of NW $\frac{1}{4}$ of sec. 6, Tp. 8 SR 11 W while Sanfords NE cor. is $\frac{1}{4}$ mile N of this point. He could have run on given course from either of these points & connected with the ditch extending S from the flume, but not at the place shown on his map, viz -

The S line of the Colima Tr. even this pt. on ditch & S. line of Colima Tr. is 680 ft. S. of S. end of flume. He has omitted evidently all courses & distances along flume about the location of which there seems to be no dispute.

I reproduced the lines of Ellis's road or street in his Subd. in lands of Guirado to S. line of Colima Tr. as nearly as possible for a road 50 ft wide & from thence surveyed a 42 ft. road to S.W. cor. of Phelan's land including about all of present travelled except as shown along lands of Guirado, Schwed & J. Wolfskill.

A straight line through the Colima Tr. as fenced by Guirado & Schwed while 42 ft W of E side of ditch near S end of fence, N of Santa Fe R.R. &

42 ft W of flume near North end encroaches on land & lots S. of F. Lauzier as shown on my map & J.H. Martin as agent for acreage objects.

F. L. Lauzier has agreed to road as at present fenced along his land & Andreas Briswalter has agreed to move his fence back one foot to agree with Martin's fence on the N. although Briswalters fence is exactly along E line of flume as shown by sills or bed pieces now in existence, also by depressions where other sills have rested.

It is claimed that the road never ran along a flume in land now owned by Nicholson, but he is willing to sell a R/W at \$300 per acre. By restoring to his use the land on the S now used as a road & which is all taken out of his property the difference between area of this & strip straight through land along flume location would be about $\frac{3}{10}$ of an acre = \$90.

At King Lane in order to straighten road & avoid making an extra angle & short course I continue my line to a point 21 ft E of new fence & thence along the same at same distance eby. This would cut a strip about 600 ft long & from 2 to 4 ft wide from W side of Otte's land now bounded by fence agreed to be just on E side of where flume was located. He would also join just

S. of this & N. of King Lane a strip of land about 200 ft. long & 12 ft. wide which would more than offset the loss. No damage would be done & Mr. Judson would agree though Otte protests slightly that it would bring line too close to his Walnut & other trees which would then be 12 to 15 ft. inside fence: Lane would like to have road continued straight to his N. E. cor. as road is now entirely on his land. Seebold's course along & beyond Phelans line reported as N. 39° E. I find it N. 39° 41' E.

Copy of report of A. R. Street Co. Sur. to Board of Supervisors Mar. 8, 1893 & it was ordered that the report of the Co. Sur. be adopted & that the lands in conformity with said report therewith be declared a public highway.
