Found 30"x16"x9" Sandstone marked ¼ on West Face Stone mound alongside in good order.

Note: The original ¼ Cor. on the east line of Sec. 20 was replaced with a C. S. monument.

This line was not run but the original Sandstone was found to check the surrounding topog. & calls as per C.S. 93/3-17.

A survey by C.E. Hills shows the N ½ mile to be 300± long & the So. ½ mile 300± short, however there can be no doubt that the sandstone was in the position where it was originally set, therefore I have replaced it with a C.S. mon. marked

COUNTY SURVEYOR'S MONUMENT
¼ Sec. Cor.
Sec. 20 | Sec. 21
T-1-S. R-17-W

(as per conversation with H.J. Comly of 2/26/28.) in order to avoid any controversy over its location in the future.

H.S. Stites

5-24-28

This line (to South) was run in conjunction with the survey of the Masten Spur of the Coal Cn. Rd. and found to be 412± short, corroborating the information offered by C.E. Hills 12-4-27.

See F.B. 360-39
