Index to lines run.

Note:

This survey was run from the N.W. Cor. of Sec. 5 to P.I. No. 11 according to record distances and angles as shown on Tract No. 7342, and from the S.W. Cor. of Sec. 5 to P.I. No. 10 according to record distances and angles as shown on Tract No. 7342. The tangent distance between P.I. No. 10 and P.I. No. 11 was calculated by closing between P.I. No. 10 as set by record from the South and P.I. No. 11 as set by record from the North. The angles at P.I. No. 10 and at P.I. No. 11 were calculated according to the closing line.

The reason for this method of the survey was due to a discrepancy in the Tract Map at P.I. No. 11.
