BASEBALL DIAMOND GRADES ~

Based on Grid System as shown on page 147.

F.D. ROOSEVELT PLAYGROUND

NOTE: These are revised grades designed to improve drainage conditions existing since construction was completed in 1939 to grades that were changed during grading without a record thereof. Apparently some 175 cu. yds. of borrowed material was imported from a nearby storm drain job and the original grade per. C.S. B-1431. Sht. 2 was raised and flattened in the South half of the field to accommodate this material.

This grade change made by request of V. R. Wimmer, Supt. of Parks, by letter dated Feb. 19, 1940.

These office grade sheet notes prepared by V. H. Smith March 4-5, 1940.

Not Checked.
