886-A

In re ℄ Briggs Ave.

The ℄ as established by J.B.D. P.T. 45-128-129 etc is evidently erroneous as he held to points found as established in P.T. 45-3

It will be found that these notes (P.T. 45-3 back of page) show that the angle point N. of Brown Ave should be moved 0.17 W. + 0.20 S. to be C.S. ℄ + that points S of this were not corrected. To allow for this 0.17 therefore this survey is based on true C.S. ℄ Briggs Ave as per C.S. 7616 + P.T. 45-3
