W.G. Van Deren

Oct. 8, 1963

Job 7065.05
Spec.No. 2287

LOS ANGELES CIVIC CENTER
(Underground Parking and Mall)

The following is a recap of phases of work within the Mall area and their respective datum of B.M. No. 2.

1.	Construction--Hall of Administration	337.52
2.	Construction--Hall of Records	337.61
3.	Topography from Grand to Hill	337.61
4.	Topography from Hill to Broadway	337.69
5.	Precise Level Net	337.69
6.	Subject--Capital Project Plans	337.69

Items 1,3, and 6, are directly related to this portion of the Mall development.

Because the topography was taken on the 337.61 datum rather than 337.69, as the plans indicate, it was decided to change the datum of the contract plans to 337.61, to facilitate joining the existing improvements. This would also reduce the amount of adjustment to join existing floor elevations in the Hall of Administration and Courthouse.
