

A message from

The City of Redondo Beach

--Everybody can lend a hand--  
Help prevent stormwater pollution!

Save our environment! How?  
Here are some things you can do:

1. Don't litter!
2. Use household products labeled "Non Toxic".
3. Reduce, reuse, recycle!
4. Do not overuse insecticides and lawn fertilizers.
5. Instead of washing down your driveway, use a broom and dust pan to sweep up debris.
6. Instead of hosing away lawn clippings, sweep them up and deposit in a trash can.

For more information, call the City of Redondo Beach  
Engineering and Building Services Department : (310) 318-0661  
or 1-888-CLEAN-LA.
