Airport Ops & Admin

At San Gabriel Valley Airport, airfield security is a top priority. Vehicle access gates play a critical role in preventing unauthorized access. As such, it is the responsibility of every airport tenant to comply with all rules and policies regarding vehicle gate access. Please remember the following:

- Do not share gate access cards with unauthorized individuals.
- Wait for the gate to fully close before entering or exiting a vehicle access gate.
- Always ensure that you have your gate access card with you when entering or exiting the airport.

Additionally, we want to inform you that we are working diligently to return the County's self-service fuel island to service as soon as possible.

Thank you for your patience and cooperation!
