COUNTY OF LOS ANGELES - DEPARTMENT OF PUBLIC WORKS

When approved, this work request authorizes the Permittee to perform ordinary maintenance activities, including installation of service connections, per the work Description below. Work performed outside of the scope of the work Description or non-compliance with the terms of the blanket permit and its attachment is cause for the revocation of this request or the blanket permit (LACC 16.08.130). This work request must be available for inspection by the road commissioner or representative or by any peace officer or other person having responsibility for safety or maintenance of the highway.

The Permittee is required to notify the appropriate permit office at least 24 hours prior to performing any work in the public right of way to schedule an inspection. Inspection will be scheduled for the 2nd business day if work notification is received after 12 noon. Inspection hours are 8:00am to 4:30pm Monday through Friday. If work is postponed or cancelled, the Permittee must immediately contact the permit office.

If work does not commence on or before the expiration date, this request will be closed. The Permittee may contact the appropriate permit office prior to the expiration date to request a one-time extension period of 60 days.

Restorations must be completed within 30 days from completion of authorized work. For additional information and requirements, refer to the SPATS Blanket Permit Attachment.
