hereby makes application to perform work within the Public Highway at the following described locations, subject to the provisions required by the Highway Permit Ordinance (Division 1 of Title 16 Los Angeles County Code) as amended or the Municipal Code and city ordinance of the city for which this permit is issued, the attachments hereon specified, AND THE SPECIFIED REQUIREMENTS INDICATED ON THE REVERSE SIDE. In consideration of the granting of this permit, it is agreed by the applicant that the County of Los Angeles and the city wherein the permit work is to be performed and any of the officers or employees, thereof, shall be saved harmless by the applicant from any liability or responsibility for any accident, loss or damage to persons or property, happening or occurring as the proximate result of any of the work undertaken under the terms of this application and the permit or permits which may be granted in response thereto, and that all of said liabilities are hereby assumed by the applicant. It is further agreed that if any part of the work, authorized by this permit, interferes with the future use of the highway by the general public, it must be removed or relocated as designated by the Road Commissioner or Director of Public Works at the sole expense of the permittee or its successor in interest. This permit is void if the permittee is not in compliance with Section 3800 of the labor code. IT IS FURTHER AGREED THAT THE OWNER/APPLICANT IS THE FINANCIALLY RESPONSIBLE PARTY FOR ALL FEES, DEPOSITS, CHARGES, COLLECTIONS AND REFUNDS, REGARDLESS IF PAYMENT IS MADE BY OTHERS.

COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ROAD PERMIT APPLICATION
REQUIREMENTS FOR OBTAINING A ROAD PERMIT

- Complete and sign the permit application. Payment is required prior to permit issuance. Only complete permit application packages will be accepted for review and processing.
- By signing the permit application, you certify that you are familiar with the requirements of the County Lobbyist Ordinance (Los Angeles County Code Chapter 2.160), and that all persons acting on behalf of the Owner/Applicant have complied with and will continue to comply with this ordinance throughout the application process.
- Complete and sign acknowledgement that the Owner/Applicant has read, understands, and **agrees to fully comply with the Preservation of Land Survey Monuments and Best Management Practices (BMP) Attachment** to this permit per Los Angeles County Code Chapter 12.80 Stormwater and Runoff Pollution Control.
- Submit **4 sets of plans** showing the location of proposed work relative to the right of way boundary, centerline of the road or property line. Pipelines and utilities should be shown parallel to and at a constant distance from the R.O.W or roadway centerline. **Submit 2 sets of plans for:**
 - For bridge connections (Design Division review).
 - For river crossings (Watershed Management Division review).
- Traffic Control Plans are required for street closures, work within major highways, or busy intersections.
 - **Submit 2 sets of plans**, stamped by a registered engineer, for Traffic & Lighting Division review. An actual cost deposit of \$500.00 per sheet will be required.
 - Thereafter, submit 4 sets of Agency approved traffic control plans.
- Provide proof of **General Liability** and **Workers Compensation** insurance per current insurance requirements. The required endorsement for the General Liability must name **The County of Los Angeles** as an "Additionally Insured".
- If someone other than the property or facility owner applies for a permit, the owner must sign the application and provide a Letter of Authorization designating who is authorized to apply for and obtain the permit. **THE OWNER/APPLICANT IS THE FINANCIALLY RESPONSIBLE PARTY FOR ALL FEES, DEPOSITS, CHARGES, COLLECTIONS AND REFUNDS, REGARDLESS IF PAYMENT IS MADE BY OTHERS.** (Government Agencies may be exempt from this requirement).

LIABILITY INSURANCE:

The Permittee shall furnish the Agency a certificate of liability insurance with the Agency named as certificate holder and a copy of the Additional Insured Endorsement to the general liability insurance of the permittee's contractor. Notwithstanding any inconsistent statement in the policy or any subsequent endorsement attached thereto, the Agency shall be named as an additional insured covering the work, whether liability is attributable to the Permittee or the Agency.

1. The Permittee may file insurance acceptable to the Agency covering more than one permit. The coverage shall provide the following minimum limits:

General Aggregate Limit	\$2,000,000
Other than Products/Completed Operations Aggregate	\$2,000,000
Products/Completed Operations Aggregate Limit	\$2,000,000
Personal Injury Limit.....	\$1,000,000
Each Occurrence.....	\$1,000,000

2. A combined single limit policy with aggregate limits in the amount of \$ 2,000,000 will be considered equivalent to the required minimum limits.
3. Workers' Compensation and Employers' Liability insurance in an amount and form to meet all applicable requirements of the Labor Code of the State of California, which includes Employers' Liability coverage with limits of not less than \$1 million per accident and which specifically covers the persons and risks involved in this Permit. Permittee understands and agrees that all person furnishing services pursuant to this Permit are, for purposes of Workers' Compensation liability, employees solely of Permittee and not of County. Permittee shall bear the sole responsibility and liability for furnishing Workers' Compensation benefits to any person for injuries arising from or connected with services performed on behalf of Permittee pursuant to this Permit. The insurance company shall have a policy rating equal to or better than that of the California State Compensation Insurance Fund (SCIF).
4. Automobile Liability insurance with limits of not less than \$1,000,000 for bodily injury and property damage, in combined or equivalent split limits, for each single accident. Insurance shall cover liability arising out of Permittee's use of autos pursuant to the permit, including owned, leased, hired, and/or non-owned autos, as each may be applicable.

The Policy or Policies shall be endorsed to provide that the insurer waives all rights of subrogation against the Agency, and its respective elected officials, officers, employees, agents, and representatives for losses paid under the terms of the policy or policies and which arise from work performed by the named insured pursuant to this permit.

All liability insurance policies shall bear an endorsement or shall have attached rider whereby it is provided that, in the event of expiration or proposed cancellation of such policies for any reason whatsoever, the Agency shall be notified by mail, giving a sufficient time before the date thereof to comply with any applicable law or statute, but in no event less than 30 days before expiration or cancellation is effective.

The Additional Insured Endorsement to the general liability insurance must contain the following language:

"The County of Los Angeles and public entity or Special District for which the Los Angeles County Board of Supervisors is the Governing Body, and their Agents, Officers and Employees."

NOTE: Circled items MUST be filled out completely.

ADDITIONAL INSURED – STATE OR GOVERNMENTAL AGENCY OR SUBDIVISION OR POLITICAL SUBDIVISION – PERMITS CR AUTHORIZATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

MUST include this section verbatim

State Or Governmental Agency Or Subdivision Or Political Subdivision:

The County of Los Angeles and public entity or Special District for which the Los Angeles County Board of Supervisors is the Governing Body, and their Agents, Officers and Employees."

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Section II – Who Is An Insured is amended to include as an insured any state or governmental agency or subdivision or political subdivision shown in the Schedule, subject to the following provisions:

1. This insurance applies only with respect to operations performed by you or on your behalf for which the state or governmental agency or subdivision or political subdivision has issued a permit or authorization.

2. This insurance does not apply to:

- a. "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
- b. "Bodily injury" or "property damage" included within the "products-completed operations hazard".

Best Management Practices (BMPs) Attachment

The Los Angeles County Department of Public Works (LACDPW) requires Permittees and their contractors to implement a program to effectively control water pollution during all Permit construction projects. This project shall conform with the requirements of the following County Code and Permits:

- Los Angeles, California County Code Chapter 12.80 Stormwater and Runoff Pollution Control
- Waste Discharge Requirements for Municipal Separate Storm Water System (MS4) Discharges within the Coastal Watersheds of Los Angeles County, Except Those Discharges Originating from the City of Long Beach (Order No. R4-2012-0175 as amended by State Water Board Order WQ 2015-0075 and Los Angeles Water Board Order R4-2012-0175-A01, National Pollutant Discharge Elimination System [NPDES] No. CAS004001)
- NPDES General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities (Order No. 2009-0009-DWQ amended by 2010-0014-DWQ and 2012-0006-DWQ, NPDES No. CAS000002)

The Permittee or Authorized Representative and their contractors shall know and fully comply with the applicable provisions of these permits and Federal, State and local regulations that govern the Permittee or Authorized Representative's operations and the storm water discharges from the project site.

In order to ensure a minimum level of water quality control, the Permittee or Authorized Representative and their contractors shall effectively implement and maintain appropriate Best Management Practices (BMPs) shown in Table 1. In addition, the Permittee or Authorized

- Representative and their contractors shall comply with the following requirements:
 - Sediments shall not be discharged to the storm drain system or receiving waters. Sediments generated on the construction site shall be retained.
 - No construction-related materials: waste, spills, or residue shall be discharged from the project site to streets, drainage facilities, receiving waters, or adjacent property by wind or runoff.
 - Non-storm water runoff from equipment, vehicle washing, or any other activity shall be contained within the project site using appropriate BMPs.
 - Erosion from slopes and channels shall be prevented.
 - Minimize grading during the wet season (October 15 through April 15). All erosion susceptible slopes shall be covered, planted, or protected in any way that prevents sediment discharge from the project site.

BMPs shall conform to the requirements in the LACDPW Construction Division's "Construction Site Best Management Practices (BMPs) Manual," and addenda thereto issued up to and including, the date of issuance of the Permit for the project. Copies of the Manual are available for purchase from:

Los Angeles County Department of Public Works
Cashier's Office
900 South Fremont Avenue
Alhambra, CA 91803
Telephone (626) 458-6959

Year-Round Implementation Requirements

The Permittee or Authorized Representative and their contractors shall have an effective program for implementing, inspecting, and maintaining water pollution control practices for wind erosion control, tracking control, non-storm water control, and waste management and materials pollution control.

Soil stabilization and sediment control practices shall be provided throughout the rainy season, defined as between October 15 and April 15, and whenever the National Weather Service predicts rain within 24 hours. The National Weather Service weather forecast shall be monitored and used by the Permittee on a daily basis.

The non-rainy season shall be defined as all days outside the defined rainy season. Disturbed soil areas within the project shall be protected in conformance with the requirements in the Construction Site BMP Manual with sediment controls implemented prior to a predicted rain event.

Maintenance and Inspection

The Permittee or Authorized Representative and their contractors shall be responsible throughout the duration of the project for installing, constructing, inspecting, maintaining, removing and disposing of the BMPs. Unless otherwise directed by LACDPW, the Permittee or Authorized Representative and their contractors are responsible for BMP implementation and maintenance throughout any temporary suspension of work. The Permittee or Authorized Representative shall reimburse LACDPW for the full costs of cleaning or repairing of storm drain, water course, or channel which may be necessary due to ineffective implementation of BMPs.

The project site shall be inspected by the Permittee or Authorized Representative or their contractors a minimum of once every week or at least once for projects that last only one week or less.

Report of Non-Permitted Discharge and Enforcement

If the Permittee or Authorized Representative or their contractors identify any non-permitted discharge into the storm drain system or receiving waters in a manner causing, or potentially causing, a condition of pollution, or if the project receives a written notice or order from any regulatory agency, the Permittee or Authorized Representative or their contractors shall immediately inform LACDPW Construction Division Permits Section by calling the assigned Field Office. The Permittee or Authorized Representative or their contractors shall submit a written report (see attached Notice of Non-Permitted Discharge) to the LACDPW within 5 days of the discharge event, notice or order.

The Permittee or Authorized Representative and their contractors are subject to enforcement action by Chapter 12.80 of the Los Angeles County Code that states, *“Any person, firm, corporation, municipality or district or any officer or agent of any firm, corporation, municipality or district violating any provision of this chapter shall be guilty of a misdemeanor. Such violation shall be punishable by a fine of not more than \$1,000 or by imprisonment in the county jail for a period not to exceed six months, or by both fine and imprisonment. Each day during any portion of which such violation is committed, continued or permitted shall constitute a separate offense and shall be punishable as such (Ord. 98-0021§1(part), 1998).”*

In addition, the Permittee or Authorized Representative and their contractors are subject to enforcement action by the State Water Resources Control Board (SWRCB), Environmental Protection Agency, private citizens and citizen groups. The Permittee or Authorized Representative and their contractors shall be responsible for the costs and for liabilities imposed by law as a result of the Permittee or Authorized Representative or their contractor's failure to

comply. Costs and liabilities include, but are not limited to, fines, penalties and damages whether assessed against LACDPW or the Permittee or Authorized Representative or their contractors, including those levied under the Federal Clean Water Act and the State Porter Cologne Water Quality Act.
