UNREASONABLE HARDSHIP VALUE FOR YEAR 2010

The revised valuation threshold to be used during the year 2010 is $128,410.86 for determining unreasonable hardship with regard to disabled access requirements. This figure is based upon the average Construction Cost Index of 8660.08 taken from the January, 2010 ENR magazine.

Applicants who use these criteria shall complete the “Application for Unreasonable Hardship to Disabled Access Requirements (Form “A”), affix a copy of the form to the plans, and place the original approved or denied document in the job jacket.

It is requested that the above project be granted an exemption from the requirements of the State of California Title 24, Accessibility Regulations, as specifically listed below. The specific accessibility features that create a hardship may be exempted but not all of them. The area of alteration itself may not be exempted.
