

Construction Notification Fernwood Tank Repair

Los Angeles County Waterworks District No. 29 will begin work to repair Fernwood tank located at 19837 Horseshoe Dr, Topanga, as shown on the map below.

The project consists of mechanical, piping repairs, and recoating tank number one. The tank will be colored Sand Dunes. The project will restore serviceability of the tank by adding 50,000 gallons of water storage capacity for existing customers.

Construction of this project is expected to begin June 10, 2024 and be completed by August 2024. Construction hours will be from 7:00 a.m. to 5:00 p.m., Monday through Friday. Equipment and material will be stored onsite. Minimal traffic impacts are expected. Water service will not be interrupted. Customers will be notified prior to recoating tank number 2.

PROJECT LIMITS
