

LA CONSERVATION CORPS
Recycling Across Los Angeles Program (RACLA)

A program of the Los Angeles Conservation Corps.

This letter is to inform you of our recycling services we provide for schools, businesses, and offices throughout the Los Angeles area. Our program collects glass, plastic and aluminum cans and e-waste at no cost you.

To begin an account with us all you have to do is give us your company/ school name, address, contact person and their phone number. As soon as we have this information I will go ahead and assign a driver to set up bins at your location. Please note we drive large commercial vehicles as seen in picture below and will require a legal or safe parking spot for us to load and unload material into trucks. If this parking location is not available we may not be able to provide this service to you. We will not drive our vehicles inside school grounds as a safety measure.

After delivering recycling bins to your location we will then service your account on a weekly basis. Depending on your recyclable volume we can minimize or increase schedule pick ups. As a new account we will automatically start servicing your account every week. The more you produce the more bins we may be able to assign at your location.

Every time we service your account our drivers will weight and record your tonnage. This tonnage will be kept in our records and supply us with information as to how much you are producing in recyclables each month.

Please keep in mind that we only donate money back to schools and not to offices or businesses. We are currently donating back to participating schools \$.057 for each pound of Plastic #1 recycled and \$0.77 for each pound of aluminum can recycled. Schools will get their checks on a quarterly basis. Our quarterly system is as follows:

- 1st quarter: July- September (check will be delivered first week of November)
- 2nd quarter: October- December (check will be delivered first week of February)
- 3rd quarter: January- March (check will be delivered first week of May)
- 4th quarter: April- June (check will be delivered first week of August)

*Note it takes about one month to process checks back to the schools. Checks will not be cut unless they are over \$100.00. If the amount is less than \$100 the balance will roll over to next quarter until the amount is over \$100.

If you are interested in our services, please contact me to set up your account.

Thank you,
Ben Parsons
Los Angeles Conservation Corps.
