

Trash Collection and Recycling Service Features

for

Athens, Belvedere, Firestone, Mesa Heights, and Walnut Park

Garbage Disposal Districts

Basic service includes:

- Automated trash, recycling and green waste collection
- Each dwelling unit receives: one 96-gallon cart for trash, one 64-gallon cart for recyclables, and one 96-gallon cart for green waste.
 - A second 96-gallon recycling and/or green waste cart is available at no charge upon customer request
 - Additional carts in excess of basic service can be obtained for a one-time fee. Contact your trash hauler for more information.
- Businesses, apartments, and multi-unit dwellings may choose to receive dumpsters or multiple sets of containers, in appropriate sizes and quantities, based on their property use classification.
- Businesses, apartments, and multi-unit dwellings may choose to receive dumpsters or multiple sets of carts for recyclable material at **no additional charge**, in appropriate sizes and quantities, based on their property use classification.
- On call collection of bulky items, green waste, major appliances, and electronic waste in unlimited quantities, once per week at no charge upon request.
- Annual Curbside Cleanup Campaign. This event may commence in the month of March, April, or May.
- Properties classified as a commercial food establishment (fast food or restaurants), may be entitled to receive automated collection of refuse, recyclables, and green waste Monday through Saturday (excluding holidays) at no additional cost.
- Collection of holiday trees.
- Collection of construction and demolition debris. Total weight of materials cannot exceed 60 pounds each week from each property.
- Collection of abandoned waste from all alleys and streets.
- Collection of curbside public receptacles two times a day.
