

October 12, 2006

TO: Members of the Facility and Plan Review Subcommittee  
Los Angeles County Solid Waste Management Committee/  
Integrated Waste Management Task Force

FROM: Chuk Agu *CA*

**POTENTIAL REVISIONS TO CHAPTER 9 OF THE  
LOS ANGELES COUNTY COUNTYWIDE SITING ELEMENT**

Recognizing the complexity and sensitivity of issues in Chapter 9 (Out-of-County Disposal) and the difficulty in obtaining and verifying out-of-county landfill information, we are seeking Subcommittee guidance on how Chapter 9 should be structured. Attached are various documents which we will be discussing at the October 19, 2006, Subcommittee meeting.

- Proposed table of contents (Attachment A)
- Proposed criteria to select out-of-county landfills (Attachment B)
- Proposed list of existing and potential new out-of-county landfills tentatively selected for out-of-county disposal (Attachment C)
- Proposed list of solid waste stations and inter-modal/rail-loading facilities tentatively identified for exporting waste to out-of-county landfills (Attachment D)
- Proposed map of out-of-county landfills within California (Attachment E)

Please note that the information contained in the above documents is tentative and will continue to be updated and revised as new information becomes available.

Based on input received from the Subcommittee, we will prepare a preliminary draft of Chapter 9 and submit it to the Subcommittee for review and approval.

If you have any questions, please contact me at (626) 458-3556, Monday through Thursday, 7 a.m. to 5:30 p.m.

**Proposed Table of Contents**

## CHAPTER 9 - OUT-OF-COUNTY DISPOSAL

### 9.1 INTRODUCTION AND PURPOSE

- 9.1.1 Introduction
- 9.1.2 Purpose

### ~~9.2 LIMITATIONS OF THE OUT-OF-COUNTY DISPOSAL OPTION~~

- ~~9.2.1 Restrictions/Bans on the Importation of Solid Waste~~
- ~~9.2.2 Export Agreements~~
- ~~9.2.3 Economic Factors~~

### ~~9.2~~ EXPORTATION OF SOLID WASTE OUT OF LOS ANGELES COUNTY ~~TO ADJACENT COUNTRIES~~

### 9.3 POTENTIAL OUT-OF-COUNTY LANDFILLS

#### 9.3.1 Existing Out-of-County Landfills

#### 9.3.2 Proposed New Out-of-County Landfills

##### 9.3.2.1 Eagle Mountain Landfill

##### 9.3.2.2 Mesquite Regional Landfill

### 9.4 INFRASTRUCTURE REQUIREMENTS

#### 9.4.1 Transportation Modes

- 9.4.1.1 Truck Transport
- 9.4.1.2 Rail Transport

#### 9.4.2 In-County Loading and Transfer Facilities

### ~~9.5 OUT-OF-COUNTY LANDFILL FACILITIES~~

### ~~9.5~~ 9.6 SOLID WASTE STATIONS WITH POTENTIAL RAIL-LOADING FACILITIES

- ~~9.6.1 Central Los Angeles Solid Waste Station - City of Los Angeles~~
- ~~9.6.2 East Los Angeles Intermodal Facility - City of Commerce~~
- ~~9.6.3 Hobart Intermodal Facility - City of Vernon~~
- ~~9.6.4 Industry Intermodal Facility - City of Indust~~
- ~~9.6.5 Industry Solid Waste Station - City of Industry~~
- ~~9.6.6 Pomona Materials Recovery Facility - City of Pomona~~
- ~~9.6.7 Puente Hills Materials Recovery and Rail-Loading Facility - County Unincorporated Area~~
- ~~9.6.8 Southern Pacific Intermodal Facility - City of Long Beach~~
- ~~9.6.9 Rail-Cycle, L.P. Solid Waste Station - City of Commerce~~
- ~~9.6.10 Vernon Materials Recovery and Transfer Facility - City of Vernon~~
- ~~9.6.11 Western Waste Industries Transfer Station - City of Carson~~

9.5.1 Existing Solid Waste Stations with Potential Rail-Loading Facility

- 9.5.1.1 Athens Materials Recovery Facility - County Unincorporated Area
- 9.5.1.2 Carson Materials Recovery Facility and Transfer Station – City of Carson
- 9.5.1.3 Central Los Angeles Recycling and Transfer Station – City of Los Angeles
- 9.5.1.4 Downey Area Recycling and Transfer Facility – City of Downey
- 9.5.1.5 Grand Central Transfer Station – City of Pomona
- 9.5.1.6 Grand Central Recycling and Transfer Station – City of Vernon
- 9.5.1.7 Innovative Waste Control Transfer Station – City of Vernon
- 9.5.1.8 Puente Hills Materials Recovery and Rail-Loading Facility – County Unincorporated Area
- 9.5.1.9 South Gate Transfer Station – City of South Gate

9.5.2 Proposed Solid Waste Stations with Potential Rail-Loading Facility

- 9.5.2.1 Industry Solid Waste Stations – City of Industry
- 9.5.2.2 Pomona Materials Recovery Facility – City of Pomona
- 9.5.2.3 Rail-Cycle, L.P., Solid Waste Station – City of Commerce
- 9.5.2.4 Vernon Materials Recovery and Transfer Facility – City of Vernon

9.6 INTERMODAL/RAIL-LOADING FACILITIES WITH POTENTIAL SOLID WASTE FACILITY

9.6.1 Existing Intermodal/Rail-Loading Facilities with Potential Solid Waste Facility

- 9.6.1.1 City of Industry Intermodal Facility – City of Industry
- 9.6.1.2 Eastern Intermodal Facility – City of Commerce
- 9.6.1.3 Global Gate South – Port of Los Angeles
- 9.6.1.4 Hobart Intermodal Facility – City of Vernon
- 9.6.1.5 LATC Intermodal Facility – City of Los Angeles
- 9.6.1.6 Los Angeles Intermodal Facility – City of Commerce
- 9.6.1.7 Maersk Pacific Ltd Container Transfer Facility – Port of Los Angeles
- 9.6.1.8 Southern Pacific (ICTF) Intermodal Facility – City of Long Beach
- 9.6.1.9 Terminal Island Container Transfer Facility (Evergreen) – Port of Los Angeles
- 9.6.1.10 Terminal Island Container Transfer Facility (Yusen) – Port of Los Angeles
- 9.6.1.11 Yang Ming Line Container Transfer Facility – Port of Los Angeles

9.6.2 Proposed Intermodal/Rail-Loading Facilities with Potential Solid Waste Facility

- 9.6.2.1 Industry Intermodal Facility – City of Industry

9.7 LIMITATIONS OF THE OUT-OF-COUNTY DISPOSAL OPTION

9.7.1 Restrictions/Bans on the Importation of Solid Waste

- 9.7.1.1 Import Restrictions by Neighboring Counties

9.7.2 Export Agreements

9.7.3 Economic Factors

9.8 TABLES, FACT SHEETS AND MAPS

**Working Draft**  
**For Discussion Only**

**ATTACHMENT B**

**Proposed Criteria to Select  
Out-of-County Landfills**

## **CRITERIA FOR SELECTING OUT-OF-COUNTY LANDFILLS**

### **In-State Landfills**

The following factors were considered in determining the out-of-county landfills located within California that are potentially viable for exportation of solid waste from Los Angeles County:

- (1) any existing or proposed new out-of-county major class III landfill that is currently accepting solid waste from Los Angeles County, or
- (2) any (a) permitted existing or proposed new major class III landfill (as defined in the CSE); (b) that is located in Southern California (i.e., County of Kern, Imperial, Orange, Riverside, San Bernardino, San Diego, Santa Barbara, San Luis Obispo, and Ventura), and (c) that has no objection to accepting (and/or is not prohibited from accepting) solid waste from a jurisdiction in Los Angeles County, and
- (3) has at least 15 years of remaining life during the planning period; or has filed, has an intention to file, or has considered to file an application for future expansions of the existing landfill which may potentially extend the remaining life of the landfill beyond the planning period, and
- (4) has no significant pending or ongoing litigation, and
- (5) may have potential for rail access or to be integrated into a Los Angeles County waste-by-rail system.

### **Out-of-State Landfills**

The following factors were considered in determining out-of-state landfills that are potentially viable for exportation of solid waste from Los Angeles County:

- (1) any existing or proposed new out-of-state mega (as defined herein) class III landfill (or equivalent) that is currently accepting solid waste from Los Angeles County, or
- (2) any (a) permitted existing or proposed new mega (as defined herein) class III landfill (or equivalent); (b) that is located in the Western United States (i.e., State of Arizona, Nevada, Oregon, Utah, and Washington); and (c) that has no objection to accepting (and/or is not prohibited from accepting) solid waste from a jurisdiction in Los Angeles County, and

- (3) has at least 15 years of remaining life during the planning period; or has filed, has an intention to file, or has considered to file an application for future expansions of the existing landfill which may potentially extend the remaining life of the landfill beyond the planning period, and
- (4) has no significant pending or ongoing litigation, and
- (5) may have potential for rail access or to be integrated into a Los Angeles County waste-by-rail system.

**Definition of Major Landfill**

As used herein, a major landfill refers to a permitted solid waste landfill which receives more than 250,000 tons of solid waste per year (or 800 tons per day, six days per week).

**Definition of Mega Landfill**

As used herein, a mega landfill refers to a landfill having a planned waste footprint over 1,500 acres, well over 6,000 tons per day capacity, and a useful life estimated at 50 – 100 years.

**ATTACHMENT C**

**Tentative List of Existing and Potential New  
Out-of-County Landfills**

Table 9-1

SUMMARY OF EXISTING AND PROPOSED OUT-OF-COUNTY LANDFILLS

SITE/ LOCATION	OWNER/OPERATOR	RAIL ACCESS AVAILABLE	DAILY DISPOSAL RATE	ESTIMATED DISPOSAL CAPACITY
<b>EXISTING OUT-OF-COUNTY LANDFILLS</b>				
<b>Bowerman *</b> Orange County, CA	Orange County Integrated Waste Management Dept.	No	6,675 tpd current 8,000 tpd	73 million tons
<b>Butterfield</b> Arizona	WMX	Yes	unlimited	tons
<b>Columbia Ridge</b> Oregon	WMX	Yes	unlimited	9 million tons
<b>Copper Mountain</b> Arizona	Sanifill (USA Waste)	No	unlimited	tons
<b>East Carbon Sanitary Landfill</b> Utah	Laidlaw/ ECDC		unlimited	200 million tons
<b>El Sobrante **</b> Riverside County, CA	Western (USA Waste)		4,000 tpd	8 million tons (108 million tons proposed)
<b>Fresno</b> California		Yes	unlimited	10 million tons
<b>La Paz</b> Arizona		Yes	unlimited	20 million tons (80 million tons proposed)
<b>Landfill</b> Nevada	Refuse,	No	3,500 tpd start-up unlimited max.	200 million tons
<b>Orange and Olinda</b> Orange County, CA	Orange County Integrated Waste Management Dept.	No	6,675 tpd current 8,000 tpd	41.2 million tons
<b>Prima Deshecha Canada ***</b> Orange County, CA	Orange County Integrated Waste Management Dept.	No	4,000 tpd	46.3 million tons
<b>Roosevelt</b> Washington	Rabanco	Yes	unlimited	120 million tons
<b>Simi Valley</b> Ventura County, CA	WMX / Simi Valley Landfill Recycling Center	No	3,000 tpd	8.1 million tons
<b>Toland Road ***</b> Ventura County, CA	Ventura Regional Sanitation District	No	1,500 tpd	15 million tons

\* Orange County has signed contracts for disposal at this facility of solid waste originating outside Orange County. Under these contracts with private waste haulers, up to approximately 5,000 tpd of solid waste may be imported from other counties for disposal at Orange County facilities.

\*\* Of the 108 million ton proposed expansion, 40 percent of the daily and total waste capacity would be reserved for Riverside County, and the remaining 60 percent could be used to dispose waste from areas outside Riverside County.

\*\*\* Out-of-County waste is currently not accepted at this facility.

\*\*\*\* Landfill is fully permitted but not yet built

\* Indicates proposed new landfills.

<sup>1</sup> Only class III landfills or equivalent are included.

<sup>2</sup> Information based on the California Integrated Waste Management Board Solid Waste Information System (SWIS) database. Per SWIS, this refers to the estimated date when the facility will reach its permitted capacity. This date is found in or estimated from information in the current permit or permit application, including the approved closure plan of the facility.

<sup>3</sup> Remaining Disposal Capacity is the capacity as of the remaining capacity date as specified in the SWIS database. Most current estimated remaining volumetric capacity (landfills only) as reported to the Financial Assurances Branch annually by owner/operator of the facility or the most current remaining capacity information from a new or revised permit or closure plan or permit Application information CIWMB form E-77.

<sup>4</sup> Remaining Capacity Date is the date of the most current documentation containing remaining capacity information.

<sup>5</sup> Landfills currently with less than 15 years of remaining life as of January 1, 2007 but with potential future expansion are included until potential expansion information has been fully verified.

<sup>6</sup> Based on the SWIS database.
