

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 6	Houston	Amended 1-07-08 In Assembly Rules Committee 2 year bill	Existing Law: California's Global Warming Solutions Act (AB 32, 2006 Statutes) requires the State Air Resources Board (SARB) to develop regulations to achieve the Act's greenhouse gas emission reduction targets. SARB has the discretion to incorporate market-based options. Proposed Law: This bill would allow a taxpayer to take a deduction for depreciation for qualified capital expenditures such as an existing engine, boiler, generator, or other tangible personal property, that measurably reduces greenhouse gas emissions for the production, generation, or the storing of renewable energy from biomass, solar, wind, and hydrogen sources over a 3-year period.	
AB 35	Ruskin	Vetoed 10-14-07	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would require a state agency that constructs or renovates a state building on or after July 1, 2010, to meet a minimum gold standard for the U.S. Green Building Council's Leadership in Energy and Environmental Design.	
AB 48	Saldana	Vetoed 10-13-07 Reintroduced from 2006 Legislative Session (AB 2202)	Existing Law: The Department of Toxic Substances Control (DTSC) regulates the sale of Covered Electronic Devices (e.g., TVs, computer monitors, laptop computers, and LCD/plasma TVs). State law requires DTSC to adopt regulations by January 1, 2007 prohibiting the sale of CEDs if they are banned in the European Union. Proposed Law: This bill prohibits electronics producers from manufacturing electronic devices for sale in California that are prohibited from sale in the European Union by the reduction of hazardous substances directive, effective January 1, 2010.	
AB 118	Nunez	Chaptered 10-14-07	Existing Law: Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Proposed Law: This bill enacts the California Alternative and Renewable Fuel, Vehicle Technology, Clean Air, and Carbon Reduction Act of 2007, funded through fees on vehicle owners and electric utility ratepayers, which would pay for various programs intended to improve air quality and to increase the use of alternative fuels and advanced vehicle technology.	
AB 258	Krekorian	Chaptered 10-14-07	Existing Law: The California Coastal Commission, in partnership with local governments, plans and regulates development and natural resource use along the coast. Proposed Law: This bill would require the State Water Board and other regional boards to implement a program by January 1, 2009 for the control of discharges of preproduction plastics from point and nonpoint sources.	

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 484	Nava	Vetoed 10-11-07	Existing Law: Existing law requires the Department of Transportation, and any other state agency that provides construction and repair services, to contract for construction items that utilize recycled materials used in paving or paving subbase. Proposed Law: This bill would prohibit CalTrans, or any contractee with the department, from disposing of asphalt concrete or Portland cement concrete in a solid waste landfill, unless the department makes a specified determination that no other means of using or disposing the material is feasible or that it will be used for beneficial reuse in the construction or operation of a solid waste landfill. <i>Previously, this bill would have required CalTrans to increase the use of recycled aggregate base to at least 50 percent by January 1, 2008, and at least 75 percent by January 1, 2009, unless it determines that the use of the materials is not cost effective.</i>	Letter of Support sent 6-21-07 for 2-20-07 version
AB 501	Swanson	Amended 1-09-08 In Assembly Health Committee 2 year bill	Existing Law: It is prohibited for a person to dispose of home-generated sharps waste after September 1, 2008. Proposed Law: This bill would require pharmaceutical manufacturers whose product is administered through prefilled sharps to supply a postage paid, mail back sharps' container for the safe disposal of home generated used sharps upon request. It would also require the manufacturers to provide information on specified disposal options.	Letter of Support sent 6-21-07 for 4-30-07 version and 1-07-08 for 6-21-07 version
AB 546	Brownley	Vetoed 10-14-07	Existing Law: The Department of Toxic Substances Control regulates the sale of Covered Electronic Devices (e.g., TVs, computer monitors, laptop computers, and LCD/plasma TVs). A \$6 - \$10 recovery fee (depending on the screen size) is imposed on these CEDs to fund the collection and recycling of these CEDs. Proposed Law: Beginning July 1, 2008, this bill would require a retailer that sells a covered electronic device to provide a customer through either a sign, written material, or on the sales receipt with the Waste Board's Internet website, which describes where and how to return, recycle, and dispose of a covered electronic device, as well as the locations for its collection or return.	Watch
AB 548	Levine	Vetoed 10-14-07	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would require on or after July 1, 2008, that an owner of a multifamily dwelling consisting of five or more units, provide recycling services that are consistent with any other state or local law or requirement governing the collection, handling, or recycling of solid waste.	Watch

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 656	Plescia	Introduced 2-21-07 In Assembly Environmental Safety and Toxic Materials Committee 2 year bill	Existing Law: Effective February 8, 2006, households can no longer dispose universal waste into the trash. Universal waste includes electronic waste, household batteries, fluorescent tubes, mercury waste, and aerosol cans. Proposed Law: This bill would require the Waste Board and Water Resources Control Board to prepare and forward a report to the Legislature by July 1, 2008 on whether the incidental disposal of alkaline batteries at landfills cause any environmental impacts.	Watch
AB 679	Benoit	Chaptered 10-10-07	Existing Law: Current law carries various penalties, including fines and/or imprisonment for littering or illegal dumping. Proposed Law: This bill would require the court to impose an assessment in addition to any other penalty or fine, in the amount of \$100 for an infraction or \$200 for a misdemeanor, for use by the City or County for illegal dumping enforcement. <i>Previously</i> , this bill would have required the court system to impose a civil assessment on violators that is equal to the actual cost of cleanup incurred by the city or county that results from littering or illegal dumping offenses.	Letter of Support for 5-03-07 version sent 6-11-07
AB 712	De Leon	Amended 7-12-07 In Senate Appropriations Committee 2 year bill	Existing Law: Existing law requires each operator of a solid waste disposal facility to pay a quarterly fee to the State Board of Equalization. Proposed Law: This bill would impose a new tipping fee of \$0.50/ton of waste disposed in California beginning April 1, 2008, in order to fund air quality compliance for off-road diesel vehicles that dispose, transfer, or process solid waste or recyclable materials. This bill would also provide up to four million dollars in grants for projects that reduce greenhouse gas emissions from landfills through organic material diversion (excluding "thermal technologies").	Letter of Opposition sent 6-12-07 for 5-02-07 version
AB 722	Levine	Amended 6-04-07 Placed in Assembly Inactive File	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: Starting July 1, 2010, this bill would phase in minimum energy efficiency requirements for general purpose light bulbs over a six-year period. It would require that after the phase-in, most general purpose lights achieve 50 lumens per watt standard. <i>Previously</i> , this bill would have prohibited the sale of incandescent light bulbs and halogen lamps beginning January 1, 2012.	Watch

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 729	Mullin	Introduced 2-22-07 In Assembly Natural Resources Committee 2 year bill	Existing Law: The Department of Toxic Substances Control regulates the sale of Covered Electronic Devices (e.g., TVs, computer monitors, laptop computers, and LCD/plasma TVs). A \$6 - \$10 recovery fee (depending on the screen size) is imposed on these CEDs to fund the collection and recycling of these CEDs. Proposed Law: This bill would require the Waste Board to develop regulations for authorized CED collectors to legally donate CEDs to non-profit organizations for reuse.	
AB 769	Aghazarian	Introduced 2-22-07 In Assembly Revenue and Taxation Committee 2 year bill	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would exempt all fuel used to transport biomass, including the organic fraction of municipal solid waste, from the State's Sales and Use Tax.	
AB 800	Lieu, Brownley and Krekorian	Chaptered 10-10-07 Related bill AB 1391	Existing Law: State law requires the State Office of Emergency Services to be immediately notified when hazardous substances or sewage is discharged into the waters of the State. Proposed Law: This bill would expand the notification requirements and associated penalties for discharging hazardous substances, sewage, or other wastes into the waters of the State.	Watch
AB 820	Karnette	Amended 4-09-07 In Assembly Appropriations Committee 2 year bill	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would prohibit the selling, use, or distribution of polystyrene food containers at University of California campuses, State Mental Hospitals, and California prisons on condition it is approved by the Board of Regents or the Department of Corrections.	Letter of Support sent 5-17-07
AB 822	Levine	Amended 1-07-08 In Assembly Natural Resources Committee Reintroduction related bill AB 548	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would require on or after July 1, 2009, that an owner of a multifamily dwelling consisting of five or more units, provide recycling services that are consistent with any other state or local law or requirement governing the collection, handling, or recycling of solid waste.	

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 904	Feuer	Amended 6-01-07 Placed in Assembly Inactive File	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: Enacts the Plastic and Marine Debris Reduction, Recycling, and Composting Act, which prohibits a food service provider from distributing disposable food packaging unless the packaging is recyclable or recovered for composting at a 25% rate statewide.	Letter of Support for 4-11-07 version sent 6-11-07
AB 1018	Emerson	Introduced 2-22-07 In Assembly 2 year bill	Existing Law: Any unauthorized discharge of waste into the waters of the State must be abated in compliance with the local Regional Water Quality Control Board or the State Water Resources Control Board requirements. Proposed Law: This spot bill would make technical non-substantive changes relating to the above issue.	
AB 1023	Desaulnier	Chaptered 7-27-07	Existing Law: Manufacturers of specified plastic trash bags (excluding grocery bags) must incorporate post consumer plastic material in their bags (10% of the bag weight) or in all its plastic products (30% of the total weight). Proposed Law: Exempts manufacturers of compostable and biodegradable trash bags from California's recycled-content requirements for plastic trash bags.	
AB 1058	Laird	Vetoed 10-14-07	Existing Law: Existing law sets forth various requirements for energy and design efficiency in the construction and renovation of state buildings. Proposed Law: This bill requires the Department of Housing and Community Development to develop and promote green building standards for residential occupancies and submit them to the Building Standards Commission for review, adoption, approval and publication by July 1, 2009,	
AB 1075	Cook	Amended 3-28-07 In Assembly Natural Resources Committee 2 year bill	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Up to 10% of the 50% diversion requirement can be met through biomass conversion provided certain conditions are met, including sending hazardous waste ash to a Class I Hazardous Waste Disposal Facility. Proposed Law: This bill would redefine that term "solid waste conversion" as a technology that produces a net reduction in the discharges of air contaminants or emissions. It would define the terms gasification as "solid waste conversion" and transformation as "incineration". <i>Previously, this bill would have specified that the Class I Hazardous Waste Disposal Facility must be classified as such by the State Water Resources Control Board.</i>	Letter of Support sent 1-08-08

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 1109	Huffman and Feuer	Chaptered 10-12-07	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would create the California Lighting Efficiency and Toxics Reduction Act which would prohibit, on or after January 1, 2010, a person from manufacturing or selling specified general purpose and incandescent lights that contain levels of hazardous substances prohibited by the European Union.	Watch
AB 1150	Lieu	Amended 1-07-08 In Assembly Health Committee 2 year bill	Existing Law: The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Proposed Law: This bill would prohibit the compensation of a person retained by a health care service plan or health insurer to review medical underwriting decisions. <i>Previously</i>, this bill would revise the definition of "transformation" to mean incineration of solid waste, or the processing of solid waste through a non-combustion thermal, chemical, or biological process.	Watch
AB 1183	Hancock	Amended 6-21-07 Placed in Assembly Inactive File 2 year bill	Existing Law: DTSC regulates hazardous waste in California. Proposed Law: This bill updates the means by which information maintained by the Department of Toxic Substances Control and the State Water Resources Control Board on contaminated sites throughout the state is made available to the public.	
AB 1193	Ruskin	Amended 3-29-07 In Assembly Appropriations Committee 2 year bill	Existing Law: Existing law prohibits a person from selling, offering to sell, or distributing for promotional purpose a mercury-added thermostat. Proposed Law: This bill would require manufacturers to create a collection and recycling program for mercury added thermostats.	

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 1195	Torrico	Amended 8-01-07 In Senate Appropriations Committee 2 year bill	Existing Law: The Waste Board administers a used oil recycling incentive program which provides used oil collection centers/programs \$0.16/gallon for recycling used oil, and electric utilities \$0.16/gallon for generating electricity from used oil. Proposed Law: This bill would require a used oil generator, transporter, or transfer facility to analyze the oil by an accredited laboratory prior to shipment or recycling, and ship the oil only to a recycling facility certified by the Waste Board. <i>Previously</i>, this bill would have given the Waste Board discretion not to extend the used oil recycling incentive program to electric utilities.	
AB 1207	Smyth	Amended 1-09-08 In Assembly Natural Resources Committee 2 year bill	Existing Law: The State Water Resources Control Board and the Regional Water Quality Control Board regulates the land application of biosolids. Proposed Law: This bill would require the Waste Board, in consultation with the State Water Resources Control Board, to adopt regulations for the land application of biosolids by July 1, 2010. <i>Previously</i>, this bill would have also prohibited local jurisdictions from enacting any ordinance or restriction contrary to the Waste Boards regulations.	Letter of Opposition sent 6-4-07
AB 1237	Hancock	Introduced 2-23-07 In Assembly Natural Resources Committee 2 year bill	Existing Law: The Local Enforcement Agency and the Waste Board are required to conduct regular inspections of solid waste facilities. In addition, the Waste Board has 60 days to determine whether to concur or object to the issuance of a Solid Waste Facilities Permit. Proposed Law: This bill would require the LEA and Waste Board inspections to be unannounced. In addition, the Waste Board's 60-day review period would be extended to 90-days. No action taken would be considered tacit objection.	Letter to Oppose unless Amended sent 5-17-07

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 1391	Brownley	Amended 1-07-08 In Assembly Natural Resources Committee Related Bill: AB 546 2 year bill	Existing Law: The Electronic Waste Recycling Act of 2003 requires a retailer selling a covered electronic device in this state to collect a covered electronic waste recycling fee from the consumer. Proposed Law: Beginning July 1, 2009, this bill would require a retailer that sells a covered electronic device (CED) to provide a customer information through a sign, written material or information labeled on the device, included in the packaging, or accompanying the CED sale with the Waste Board's Internet website, which describes where and how to return, recycle, and dispose of a covered electronic device, as well as the locations for its collection or return. <i>Previously</i>, this bill would expand the notification requirements and associated penalties for discharging hazardous substances, sewage, or other wastes into the waters of the State.	
AB 1428	Galgiani	Amended 6-26-07 In Senate Environmental Quality Committee 2 year bill	Existing Law: Under existing law, electrical corporations are required to provide eligible biogas digester customer-generators with net energy metering under a pilot program. Proposed Law: This bill would replace the existing pilot program for eligible biogas digester customer-generators with a net energy metering program for eligible customer-generators, which use agricultural residues, animal wastes, or animal renderings (excluding municipal waste) to generate electricity. <i>Previously</i>, this bill would have expanded an existing pilot project allowing net energy metering for customer-owned electric generation projects fueled by manure methane production (biogas digestion).	
AB 1447	Calderon	Chaptered 10-14-07	Existing Law: No person, other than a certified appliance recycler, can remove materials that require special handling from major appliances, or transport/sell discarded major appliances to a scrap recycling facility, unless specific conditions are met. Proposed Law: This bill makes several changes to provisions governing the handling of hazardous waste and other materials removed from a major appliance before recycling or disposal of the appliance. It would allow appliance service technicians to remove refrigerants from major appliances, and expand the requirements for a certified appliance recycler.

LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
AB 1473	Feuer	Chaptered 10-12-07	Existing Law: A solid waste facility cannot operate without a Solid Waste Facilities Permit. If the LEA determines that a facility is in violation of this requirement, the LEA must issue a cease and desist order. Proposed Law: This bill requires the CIWMB to adopt emergency regulations to authorize an enforcement agency, upon CIWMB's concurrence, to issue a temporary solid waste facilities permit to an operating solid waste transfer or processing station or a composting facility, which, as of January 1, 2008, is required under the act to have a solid waste facilities permit but for which a permit has not been obtained. The bill sunsets July 1, 2010. <i>Previously, this bill would authorize the LEA to stay their cease and desist order if the solid waste facility receives material that has been separated for reuse prior to receipt and is in operation on or before January 1, 2007. The bill sunsets January 1, 2012.</i>	Letter of Support for 4-11-07 version sent 5-17-07
AB 1535	Huffman	Amended 1-07-08 In Assembly Environmental Safety and Toxic Materials Committee Related Bill: AB 1391 2 year bill	Existing Law: The Department of Toxic Substances Control regulates the sale of Covered Electronic Devices (e.g., TVs, computer monitors, laptop computers, and LCD/plasma TVs). A \$6 - \$10 recovery fee (depending on the screen size) is imposed on these CEDs to fund the collection and recycling of these CEDs. Proposed Law: This bill would change the point of collection for the Electronic Waste Recycling Fee (fee) from the consumer to the manufacturer on every new or refurbished covered electronic device sold or offered for sale in this state. It would also require the Waste Board to review and make adjustments to the fee, as applicable. <i>Previously, this bill would expand the definition of CEDs to include a personal computer (e.g., a computer hard drive), and impose a \$6 recovery fee on each personal computer sold beginning July 1, 2008.</i>	Letter of Support sent 6-21-07
AB 1610	Nunez	Amended 9-06-07 Refused passage out of Committee 2 year bill	Existing Law: The Waste Board currently imposes a \$1.40 per ton fee (maximum rate authorized by law) on each solid waste disposed to fund most of their activities. Proposed Law: This bill would require an owner or operator of an oil refinery facility in the state to submit information to the Energy Commission relating to the capacity and operational status of the facility. <i>Previously, this bill would have authorized the Waste Board to increase the fee to \$2 per ton beginning July 1, 2007.</i>	Letter of Opposition for 2-23-07 version sent 4-19-07

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
SB 55	Florez	Amended 4-30-07 In Senate Appropriations Committee 2 year bill	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would: • Require a publicly owned treatment works (POTW) to submit certification to the regional water quality control board regarding any sewage sludge that is transferred from a facility for disposal or further processing; • Require the sludge be certified to meet the requirements and standards for any pollutants listed in the waste discharge requirements for the POTW issued by the regional board; • Require any POTW to submit additional certification to sludge haulers certifying that the waste product is non-hazardous; and, <i>Previously</i>, the bill also required the POTW to indemnify the receiving party for any liability for remediation costs associated with sludge disposal or processing.	Letter of Opposition sent 5-23-07
SB 74	Florez	Amended 5-02-07 In Senate Revenue and Taxation Committee 2 year bill	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Proposed Law: This bill would exempt, through January 1, 2014, Sales and Use taxes related to the sale, storage, use, or other consumption of biodiesel fuel wholly or partly derived from agricultural products, vegetable oils, recycled greases, or animal fats, or the wastes of those products or fats.	
SB 140	Kehoe	Amended 8-31-07 Assembly Inactive File 2 year bill	Existing Law: The Air Resources Board is required to conduct a comprehensive study on the impact of any regulations that establish a specification for motor vehicle fuel. Proposed Law: This bill would require the ARB to develop regulations requiring all diesel fuel sold to contain at least 2% renewable diesel (derived from vegetable oils, waste grease, or animal fat) no later than one year after a specified determination is made by the state Air Board. Within two years of the effective date of the regulations, at least 5% of all diesel fuel sold or offered for sale in the state for use in internal combustion engines would be required to contain renewable diesel fuel.	Letter of Support for 5-01-07 version sent 5-23-07

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
SB 410	Simitian and Perata	Amended 5-31-07 In Assembly Inactive File 2 year bill	Existing Law: Utilities are required to obtain 20% of their delivered power from renewable sources by 2010. The Energy Commission administers a renewable energy program that provides “supplemental energy payments” to renewable energy producers to make renewable energy sources more competitive with nonrenewable sources. Proposed Law: This bill requires the California Energy Commission (CEC), in making awards from the Existing Renewable Resource Account to establish a specified production incentive and to make payments depending upon the availability of funding. Deletes the requirement that an existing facility generating electricity from biomass is eligible for funding only if it reports certain information on fuel usage to the CEC.	
SB 411	Simitian	Amended 7-17-07 In Assembly Appropriations Committee 2 year bill	Existing Law: Utilities are required to obtain 20% of their delivered power from renewable sources by 2010. The Energy Commission administers a renewable energy program funded by a surcharge on consumers' energy bills. Proposed Law: This bill would require retail sellers of electricity, as specified, to increase their total procurement of eligible renewable energy so that at least 33% of retail sales are procured from eligible renewable energy resources no later than December 31, 2020.	
SB 429	Ducheny	Introduced 2-21-07 In Senate Environmental Quality Committee 2 year bill	Existing Law: Cal-EPA, the Waste Board, Water Board, each regional water quality control board, and the Department of Toxic Substances Control to maintain a list of all instruments and agreements restricting land uses imposed by those agencies and would require the list to provide specified information. Proposed Law: This bill would require state agencies, including Cal EPA, various local agencies, including a local solid waste enforcement agency, to notify the building, planning, or engineering department in the affected city or county if it takes certain actions with regard to approving a remedial action, removal action, closure, corrective action, or any other type of environmental cleanup action. The bill would authorize that department to refuse to issue a building, land use, or development-related permit unless the applicable entity reviews the permit application and approves the proposed activity, or proposes measures necessary to protect the public.	
SB 470	Ashburn	Vetoed 10-13-07	Existing Law: Existing law provides that any person who has the care or control of any animal that dies from any contagious disease shall immediately cremate or bury the animal. Proposed Law: This bill would require the Waste Board to convene a working group to draft regulations for the emergency disposal or rendering of animal carcasses/livestock during a state of emergency, which would be adopted no later than July 1, 2009	

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
SB 585	Lowenthal	Amended 1-07-08 In Senate Appropriations Committee 2 year bill	Existing Law: Existing law grants certain parking privileges for a disabled person or disabled veteran. Proposed Law: This bill would delete surplus language regarding the usage of handicapped parking placards. Previously, this bill would require the CalTrans to annually report on the amount of recycled concrete materials they used in the prior fiscal year. The bill would also require CalTrans to conduct workshops for public works professionals on using recycled concrete materials.	
SB 660	Perata	Vetoed 10-14-07	Existing Law: The California Global Warming Solutions Act of 2006 requires the State Air Resources Board (state board) to adopt regulations to require the reporting and verification of emissions of greenhouse gases. Proposed Law: This bill would establish the Strategic Research Investment Council, which would prepare and adopt a strategic research, development, and demonstration plan that establishes priorities and key expenditure categories for clean technologies.	
SB 697	Yee (Prev. Wiggins)	Amended 9-07-07 In Assembly Health Committee 2 year bill	Existing Law: State agencies are required to purchase specified recycled-content products, including mulch and recycled compost. In addition, the Department of General Services, in consultation with the Waste Board, develops the specifications for the purchase of compost by State agencies. Proposed Law: This bill would prohibit a health care service provider from seeking reimbursement for covered services furnished to a person enrolled in the Healthy Families Program or the Access for Infants and Mothers Program from other than the participating health plan covering that person. Previously, this bill would have required CalTrans and all persons contracting with the department to be use compost produced within the State.	Letter of Support for 4-07-07 version sent 6-21-07
SB 735	Wiggins	Vetoed 10-11-07	Existing Law: Existing law requires the Director of Transportation, in consultation with the California Integrated Waste Management Board, to review and modify bid specifications related to the purchase of paving materials, and base, subbase, and pervious backfill materials, using recycled materials. Proposed Law: This bill would require CalTrans to track the use of recycled and virgin materials for subbase, base and lean concrete base. It would require that CalTrans report to the Legislature on January 1, 2010 and biennially thereafter on the use of recycled materials that it is required to track.	

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE

2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
SB 826	Padilla	Vetoed 10-13-07	Existing Law: The Waste Board establishes the State's minimum standards for solid waste facilities, including the design, operation, maintenance, and reuse of these facilities. Proposed Law: This bill would request the Regents of the University of California to carry out various projects with respect to Native American education assigned to the State Librarian under existing law. <i>Previously, this bill would have required the Waste Board to adopt state minimum standards to identify and mitigate environmental justice impacts in disproportionately affected communities in which solid waste facilities are located.</i>	Letter of Concern with 4-12-07 version sent on 5-23-07
SB 842	Scott	Introduced 2-23-07 In Senate Environmental Quality Committee 2 year bill	Existing Law: "Gasification" is the non-combustion thermal processing of waste using heat, pressure, and steam to convert materials directly into a gas for electricity generation. To qualify for diversion credit, a gasification facility must: • Not use air or oxygen in the conversion process • Not discharge air contaminants or emissions • Not discharge to surface or groundwater • Not produce hazardous waste • Remove all recyclable materials and marketable green waste materials to the maximum extent feasible • Be in compliance with all applicable laws, regulations, and ordinances • Any jurisdiction using the facility must have a 30% diversion rate Proposed Law: This bill would authorize a gasification facility's discharge of air contaminants or emissions to be regulated by the State Air Resources Board or Air Quality Management Districts rather than having an absolute zero threshold.	Letter of Support sent 5-17-07
SB 898	Simitian	Chaptered 10-13-07 In Assembly Appropriations Committee	Existing Law: The Personal Income Tax Law provides for individual contributions to support specified funds. Proposed Law: This bill would extend the sunset dates for two voluntary contribution funds contained on the personal income tax return. <i>Previously, this bill would have clarified that the public entity would have conducted a program to prevent the recurrence of solid waste disposal into municipal storm sewers.</i>

Bill	Author	Status	Summary	Task Force Position
SB 899	Simitian	Amended 3-26-07 In Assembly Environmental Safety and Toxic Materials Committee 2 year bill	Existing Law: Current law generally prohibits the manufacture, processing or distribution of products containing more than a specified amount of polybrominated diphenyl ether (PBDES). Proposed Law: This bill would phase out the use of plastic products that contain toxic materials such as styrene, bisphenol-A, perfluorocotanoic acid, vinyl chloride, nonylphenols, and alkylphenols. It would prohibit a person by June 1, 2008 from manufacturing, processing or distributing a product containing perfluorinated compounds or chemicals that degrade in the environment.	
SB 966	Simitian and Kuehl	Chaptered 10-12-07	Existing Law: AB 939 requires local jurisdictions to implement a plan to manage household hazardous waste, including unwanted pharmaceutical drugs. Proposed Law: This bill would require the Waste Board to develop model programs for the collection and proper disposal of pharmaceutical drug waste. <i>Previously</i> , this bill would have authorized every drug retailer to conduct projects for the collection of drugs for proper disposal. If by January 1, 2011, less than 80 percent of the state's population has access to a collection opportunity within one mile of a retailer, the Department of Toxic Substances Control shall require every retailer to have a system in place for the acceptance and collection of drugs for proper disposal.	Letter of Support for 4-30-07 version sent 6-21-07
SB 1016	Wiggins	Amended 4-10-07 In Assembly Natural Resources Committee 2 year bill	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. In determining compliance with AB 939, the State's diversion rate measurement system is used. The System has been found to be inaccurate, often resulting in non-representative diversion rates for jurisdictions. Proposed Law: This bill would authorize the Waste Board, if it determines that a city or county has diverted more than 50% of solid waste from landfill disposal to submit biennially information required in the Waste Board's annual report. If either the city or county subsequently fails to divert 50% of the solid waste, or if the Board rescinds the authorization, the city or county would be required to submit the report annually.	Comment Letter on draft revisions sent 7-11-07
SB 1020	Padilla	Amended 6-26-07 In Assembly Appropriations Committee 2 year bill	Existing Law: AB 939 requires local jurisdictions to divert 50% of all solid waste destined to landfills. Failure to comply may subject the jurisdiction to penalties of up to \$10,000 per day. Proposed Law: Requires the Waste Board to adopt policies, programs, and incentives to ensure that the state achieves a 60% solid waste diversion rate by 2012 and a 75% diversion rate by 2020.	Letter of Opposition for 4-09-07 sent 4-18-07

**STATUS OF STATE LEGISLATIVE BILLS PRESENTED TO THE
LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE
2007-2008 SESSION
January 16, 2008**

Bill	Author	Status	Summary	Task Force Position
SB 1021	Padilla	Chaptered 10-12-07	Existing Law: The California Beverage Container Recycling and Litter Reduction Act requires the Department of Conservation to implement a Statewide beverage container recycling program, including providing grant funding to local governments and non-profit agencies.	Watch
			Proposed Law: This bill would, for calendar year 2008, make available \$15 million in grant funding to place source separated beverage container recycling containers at multifamily homes.	
SB 1036	Perata	Chaptered 10-14-07	Existing Law: Existing law requires the Energy Commission to certify eligible renewable energy resources and to award production incentives and allocate and award supplemental energy payments from the New Renewable Resources Account to cover above-market costs of purchasing electricity from eligible renewable energy resources.	
			Proposed Law: This bill would eliminate the CEC administration of funds available for award to new renewable energy facilities in the form of supplemental energy payments (SEPs) pursuant to the Renewables Portfolio Standard (RPS). This bill would authorize the Public Utilities Commission (PUC) to allow recovery of future above-market costs pursuant to its ratemaking authority.
