

Greetings all,

You are cordially invited to attend the ***“Organic Waste Management Workshop”*** organized by the County of Los Angeles Department of Public Works

Date: Tuesday, May 23, 2017

Time: 9:00am – 11:00am

Location: Department of Public Works Headquarters, 900 S. Fremont Ave. Alhambra, CA 91803 (**Conference Rooms B and C**)

Workshop Agenda:

- Countywide Organic Waste Management Plan Summary
- Options Analysis and Market Evaluation
- Overview of Organics Management Plan for the Unincorporated Area Plan

This workshop will provide more information to enable an easy understanding of Public Works' recently drafted "Countywide Organic Waste Management Plan." The Organics Plan is a planning document drafted by Public Works, in compliance with State law, which describes the current state of organic waste disposal, recycling, and diversion within the County. It analyzes and identifies capacity demands and shortfalls, and describes potential capacities available at both in-County and out-of-County facilities for managing compostable organic waste, which is defined by law to include "food waste, green waste, landscape and pruning waste, nonhazardous wood waste, and food-soiled paper waste that is mixed in with food waste". During the workshop, there will be an opportunity for discussion of the plan, followed by a 'question and answer' session. Please RSVP on or before **May 18, 2017**. You may RSVP using either this Outlook invite or the following Eventbrite link: [Eventbrite RSVP](#).

If you RSVP through Eventbrite, simply click "Register", select the number attending, click "Checkout", fill out your contact info, and click "Complete Registration"

Additionally, if you are unable to attend the workshop, we welcome your feedback and comments via email. Please feel free to send any feedback or questions to Jalaine Madrid at JQUINTR@dpw.lacounty.gov or Carlos Slythe at CSLYTHE@dpw.lacounty.gov

Thank you.
