

SB 1383 SHORT-LIVED CLIMATE POLLUTANTS (SLCP) INFORMAL RULEMAKING STAKEHOLDER WORKSHOP

August 17, 2017

Senate Bill 1383 (2016)

- SB 1383 establishes targets to achieve a **50 percent reduction** in the level of statewide disposal of organic waste from the 2014 level by **2020** and a **75 percent reduction** by **2025**
- SB 1383 requires CalRecycle and ARB to adopt regulations to achieve the organic waste reduction goals
- The regulations must include requirements that not less than **20 percent of edible food** that is currently disposed is recovered for human consumption by **2025**

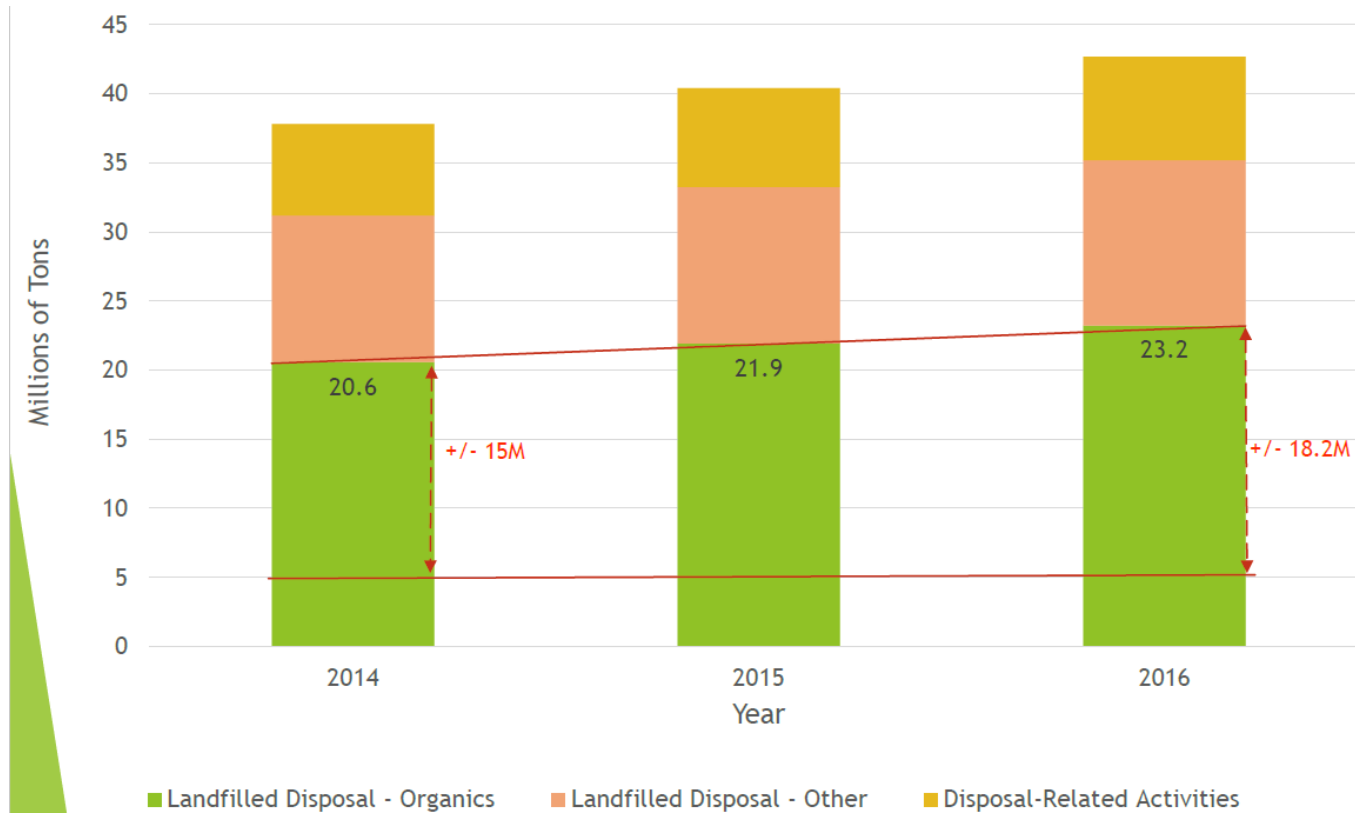

August Workshops – SB 1383 Regulations

- CalRecycle is hosting informal rulemaking workshops on **Reporting Concepts** and **Compliance and Enforcement Concepts** on August 16th, 2017 in Sacramento and August 31st, 2017 in Riverside
- Staff monitored the workshop on August 16th, 2017 and is planning to attend the workshop on August 31st, 2017
- After the next workshop, staff will prepare a comment letter to submit to CalRecycle before the commenting deadline of **September 15th, 2017**

Future Workshops

- CalRecycle will host additional workshops:
 - September 20th, 2017 - Planning and Market Development
 - October 30th, 2017 - Draft Regulatory Language
 - TBD (2017) - Second Round Draft Regulatory Language
 - December 2017/January 2018 – End of Informal Rulemaking
 - January/February 2018 – Initiate Formal Rulemaking

Statewide Disposal

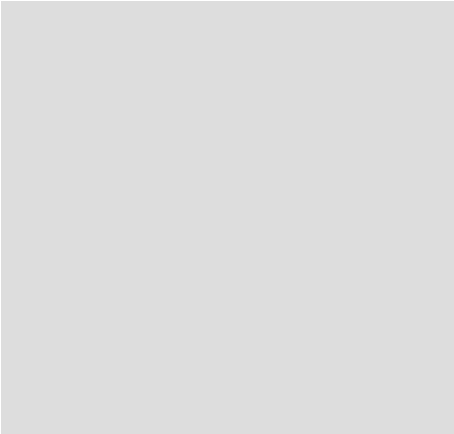

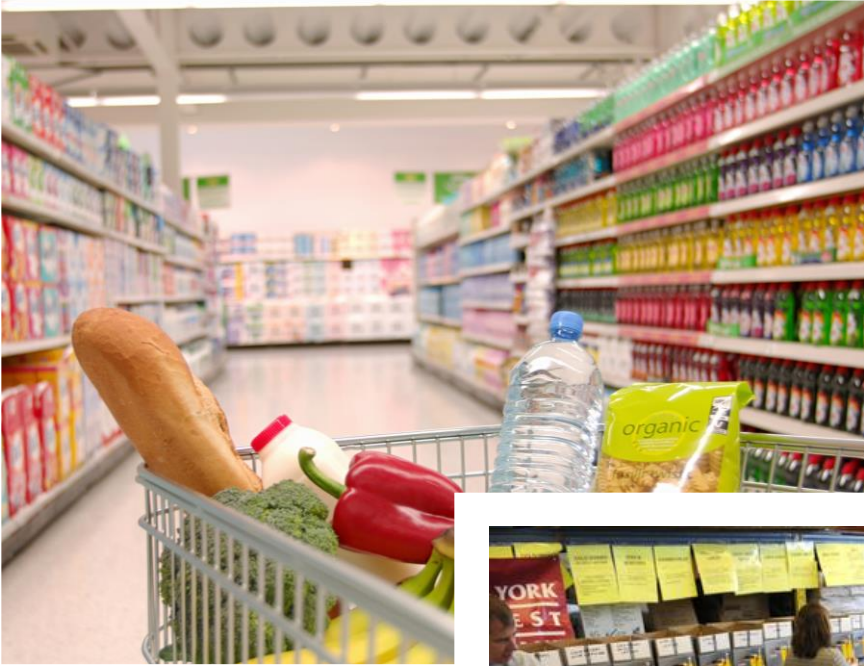

*CalRecycle and ARB are currently in the process of determining activities that count as disposal for the purposes of SB 1383. Please see for the draft shared in May. :

Reporting Data Points

- Facilities - MRFs/Transfer Stations, Landfills, Organic Waste Recycling Facilities
- Haulers
- Jurisdictions
- Select generators - state agencies, federal facilities, schools (public schools, colleges, and universities)

Reporting Data Points: Edible Food Recovery Program

- Edible food generators - state agencies, federal facilities, and schools
- Large scale generators of edible food
- Edible food recovery organizations
- Haulers, if applicable

Compliance and Oversight Roles

- CalRecycle will directly oversee jurisdictions, LEAs, and any generators outside of jurisdictional authority, such as state agencies
 - Monitoring reporting and implementation of regulations
- Jurisdictions will directly oversee generators, haulers, and food recovery organizations
 - Monitor reporting and implementation of regulations
 - Monitor enforcement procedures
- LEAs will directly oversee solid waste facility owners/operators
 - Inspection and enforcement of state and solid waste laws and regulations

Potential Compliance & Enforcement Procedures

- State
 - Progressive Compliance – notices to comply, potential penalties from OAL
 - Inventory of Non-Compliant Facilities – when entities are documented with repeated violations
- LEA
 - Notices of violation, compliance schedule, cease and desist notices, notices and orders, issuance of penalties
- Jurisdiction
 - Variety of tools within enforcement purview
