

2022 - 2024 Los Angeles County Capacity Planning Report Summary

Submittal date:

Counties, in coordination with cities, special districts that provide solid waste collection services, and regional agencies located within the county, shall conduct the [capacity planning requirements](#). The regulatory requirements for [edible food recovery](#) and [organic waste recycling](#) capacity planning share similarities. See [14 CCR Section 18992](#) for details.

For both capacity planning efforts, counties are responsible for:

- Collecting capacity planning information from each jurisdiction within the county
- Submitting the capacity planning report to CalRecycle
- Identifying any jurisdiction, including itself, that does not have enough verified existing, planned, or new capacity
- Informing jurisdictions that lack capacity about the timeline for submitting the implementation schedule to CalRecycle

Note: Jurisdictions exempt from all of the organic waste collection requirements are not required to include organic waste recycling capacity plans in this first reporting period (see Section 18992.3).

If you have questions please contact your [LAMD representative](#) for more information.

County Contact Information

First Name: Vigen

Last Name: Abramyan

Suffix:

Street Address: 900 S. Fremont Ave

City: Alhambra

State: California

Zip Code: 91803
