Detailed Description of Occurrence:

Yesterday, 2/23/22, at approximately 10:00 AM a Republic Residential Truck caught fire on San Fernando Road. Once the driver realized his truck was on fire, he exited the vehicle and safely moved away. He did not sustain any injury. The driver described hearing a loud pop from the battery box as the fire started in the cab, then moved to the rest of the truck. The 911 called was made by driver or drivers dispatch as San Fernando Road traffic started to build and eventually closed on both sides. LAFD, LAPD and Traffic control responded within 15 minutes. Once the Fire Department arrived, they assessed the situation and stuck around until everything was deemed to be under control. A Tow Truck drained and pumped approx. 20 gallons of the leftover Hydrohalic Oil in a Tote, and then transferred to the SCL Hazardous Waste Bin. The Residential Truck was towed directly to the working face, away from the rest of the trash, as it was quickly covered and sprayed with water.

Actions taken to mitigate this occurrence:

Normal traffic flow resumed after the incident was under control. We are very grateful for the Site Team's quick actions and the strong response from the Fire department to ensure the fire was contained and extinguished.
