**Re: Chiquita Canyon, LLC's Twenty-Ninth Monthly Update**

Dear Members of the Integrated Waste Management Task Force:

Chiquita Canyon, LLC ("Chiquita") received a letter from the Integrated Waste Management Task Force (the "Task Force") dated April 19, 2021. The Task Force's letter requests that Chiquita provide monthly updates concerning a Notice of Violation ("NOV") that the County of Los Angeles Department of Regional Planning ("DRP") issued to Chiquita on June 11, 2020. The NOV alleges non-compliance with Conditions 68, 77, 79 and 113 of Chiquita's Conditional Use Permit ("CUP"). Chiquita previously provided monthly updates to the Task Force from April 2021 through July 2023. This letter serves as Chiquita's twenty-ninth monthly update.

On December 2, 2021, the County of Los Angeles Department of Public Works ("PW") requested that these monthly updates include additional details concerning any NOVs issued by regulatory agencies and the landfill's actions to mitigate those NOVs. This letter provides additional details concerning the status of Chiquita's implementation of Conditions 77 and 79.

On August 15, 2022, PW requested that these monthly updates clearly indicate whether or not Chiquita received an NOV from any regulatory agencies during the reporting month and, if so, that Chiquita include a copy of the NOV as an attachment to the letter. Since the last monthly update, Chiquita received 31 NOVs from the South Coast Air Quality Management District ("SCAQMD") for alleged violations of SCAQMD Rule 402 and Health & Safety Code section 41700 dated from July 29 to August 31, 2023. Chiquita also received one NOV from DRP on August 18, 2023. Copies of these NOVs are attached to this letter.

## **June 2020 DRP NOV**

Chiquita has reached a settlement agreement with the County of Los Angeles (the “County”), which includes terms affecting Conditions 77 and 79. This settlement agreement was approved by the County Board of Supervisors on October 11, 2022. The settlement agreement requires Chiquita to submit an application to modify its CUP consistent with the terms of the settlement agreement. Those terms include proposed modifications to Conditions 77 and 79. Chiquita submitted the required CUP modification application on November 10, 2022. The hearing on the June 2020 NOV is stayed pending the outcome of this CUP modification process.

Chiquita continues to work on securing the permits required to begin construction on the new entrance along Wolcott Way under Conditions 77 and 79. For more information, Chiquita provides updates on the June 11, 2020 NOV and Conditions 77 and 79 during the meetings of the Chiquita Canyon Landfill Community Advisory Committee (the “CAC”). A link to these meetings and meeting materials summarizing the status of Chiquita’s implementation of activities related to Conditions 77 and 79 can be found on DRP’s website, here <https://planning.lacounty.gov/public-hearings-and-meetings/chiquita-canyon-landfill/community-advisory-committee/>.

## **SCAQMD Rule 402 NOVs and August 18 DRP NOV**

The SCAQMD Rule 402 NOVs and the August 18 DRP NOV were issued due to odors that allegedly emanated from the Chiquita Canyon Landfill. Chiquita believes that the most likely source of any odors coming from the Landfill is a large and unexpected increase in the production of landfill gas (“LFG”) at the Landfill. Chiquita believes this increase in LFG production is due to an abnormal biotic or abiotic process (a reaction) taking place within a portion of the Landfill waste mass. This reaction is producing higher than normal levels of dimethyl sulfide (“DMS”). Chiquita is monitoring the DMS levels in the LFG on a daily basis and submitting monthly reports to the SCAQMD with the results. More information on DMS and the underlying landfill reaction can be found on the Odor Mitigation webpage of Chiquita’s website, here: <https://chiquitacanyon.com/reports/odor-mitigation/>.

Chiquita is taking numerous steps to address the reaction and mitigate any odors emanating from the Landfill. Increasing flare capacity is crucial to addressing the underlying reaction and addressing any potential LFG-related odors. In September 2020, Chiquita submitted a permit application to SCAQMD for a new flare that would replace an older, higher emissions flare and allow the Landfill to better control this increasing quantity of gas. Chiquita planned to install the new flare in early 2022. However, Chiquita is still awaiting approval of the permit for this new flare.

On August 1, 2023, SCAQMD completed its evaluation of the permit application and sent it to the U.S. Environmental Protection Agency (“EPA”) for its review and approval. Chiquita mailed public notice of this permit application to residents within a quarter mile of the Landfill on August 8, 2023, as required by SCAQMD Rule 212(d). The public notice provides for a 30-day

public comment period. EPA has 45 days to review and respond to the permit application, however, this review period may be delayed if the SCAQMD receives public comments on the application that require substantive responses. Chiquita received the requisite building permit for construction of this flare from the County on August 14, 2023.

While Chiquita awaits approval of the new flare permit, it continues to implement many reaction and odor mitigation efforts. A full list of measures Chiquita is taking to address the reaction and potential odors, as well as more information on Chiquita's mitigation efforts, can be found on the Odor Mitigation webpage of Chiquita's website, here:

<https://chiquitacanyon.com/reports/odor-mitigation/>. The Odor Mitigation webpage also includes copies of the July 27 and August 23 reports submitted to PW pursuant to CUP Condition 69, an August 18 response to PW on information provided in the initial Condition 69 report, and August 1 and August 15 responses to requests from the Department of Public Health, each of which provide additional detail on Chiquita's mitigation efforts.

Chiquita looks forward to continuing to provide the Task Force with updates on the June 11, 2020 NOV and any NOVs issued by regulatory agencies. Should you have any questions, please feel free to contact me.

Regards,

Steve Cassulo  
District Manager

## What is a Notice of Violation?

A Notice of Violation is issued by an SCAQMD Air Quality Inspector to inform a business that a failure to comply with one or more applicable federal, state, and/or local (SCAQMD) air pollution rules and regulations or legal requirements is being alleged.

## What happens when I receive a Notice of Violation?

If you are operating in violation of one or more applicable federal, state, and/or local (SCAQMD) air pollution rules and regulations or legal requirements, each day or part of a day that you operate in violation is considered a separate violation even if only one Notice of Violation has been issued. Continuing to operate in violation may subject you to substantial civil or criminal penalties. **It is in your best interest to resolve any compliance problem immediately before you resume operation.**

## What if I need to continue to operate the equipment named in the Notice of Violation?

If continued operation of equipment cited in the Notice of Violation is necessary, you may be able to obtain a variance from SCAQMD's Hearing Board. A **variance** is an administrative order that allows a company to continue operating without penalties while it takes appropriate steps to meet air pollution control requirements. Proof of specific legal circumstances must be provided before a variance can be granted. Timeliness in seeking such relief will be considered by the Hearing Board. Additional information concerning variances can be found in California Health & Safety Code §§ 42350-42359.5 and at <http://www.aqmd.gov/home/about/hearing-board>.

During a hearing for a variance, you may be represented either by yourself or by your attorney or consultant. You will have the opportunity to present evidence and testimony, and to cross-examine any SCAQMD witness.

If you fail to comply with any order of the Hearing Board, you may be subject to additional civil or criminal penalties set forth in California Health & Safety Code §§ 42400 *et seq.* and 42402 *et seq.*

## How are Notices of Violation resolved?

The SCAQMD General Counsel's office reviews each alleged violation and, based on the facts, determines how best to resolve the allegation. Options available to the General Counsel's office include:

- **Minor Source Penalty Assessment Program**

Certain Notices of Violation may be eligible for resolution through SCAQMD's Minor Source Penalty Assessment Program if they are issued to a minor source or for violations other than emitting air toxics or creating a

public nuisance involving injury or property damage.

If your case is handled by this program, you will receive a letter or phone call from an investigator in the SCAQMD General Counsel's office offering to settle your violation. Settlement terms usually call for a penalty payment and written proof of current compliance. The investigator's name and telephone number are included in the initial settlement letter in the event you would like to discuss the case.

Be prepared to describe any facts about the violation that you believe SCAQMD should know in considering your case. Sharing your knowledge of the facts, possible causes for the violation and plans to avoid future violations will help the investigator arrive at an appropriate disposition. **Be sure to respond by the date indicated in the letter to avoid further legal action.**

If the Minor Source Penalty Assessment Program fails to result in a settlement, your Notice of Violation may be referred to an SCAQMD attorney and handled under the procedures for Civil Prosecution or resolved through a Small Claims Court.

- **Civil Prosecution**

If your case is handled as a civil matter, it will be reviewed by an attorney from the SCAQMD General Counsel's office, who will typically make first contact with you through a letter that asks for information about your case. If the allegations in the Notice of Violation cannot be informally resolved, the SCAQMD is authorized to file a civil lawsuit in court to recover civil penalties. In cases involving serious harm or danger, however, SCAQMD may immediately commence a legal action for civil penalties and a court-ordered injunction. A **mandatory injunction** is a court order compelling a person and/or company to take specific action. A **prohibitory injunction** is a court order compelling a person and/or company to refrain from taking a specific action. Injunctions, which may even lead to shutting down a business, may be sought by SCAQMD to prevent continuing or serious violations or damages from occurring.

- **Criminal Prosecution**

If SCAQMD determines that criminal prosecution is appropriate, the case will be referred to the appropriate state or federal law enforcement agency. That agency will determine if criminal prosecution is warranted.

### Civil and Criminal Penalties

Penalties are determined by California Health & Safety Code §§ 42400 *et seq.* and 42402 *et seq.*
