**Re: Chiquita Canyon, LLC's Thirtieth Monthly Update**

Dear Members of the Integrated Waste Management Task Force:

Chiquita Canyon, LLC ("Chiquita") received a letter from the Integrated Waste Management Task Force (the "Task Force") dated April 19, 2021. The Task Force's letter requests that Chiquita provide monthly updates concerning a Notice of Violation ("NOV") that the County of Los Angeles Department of Regional Planning ("DRP") issued to Chiquita on June 11, 2020. The NOV alleges non-compliance with Conditions 68, 77, 79 and 113 of Chiquita's Conditional Use Permit ("CUP"). Chiquita previously provided monthly updates to the Task Force from April 2021 through August 2023. This letter serves as Chiquita's thirtieth monthly update.

On December 2, 2021, the County of Los Angeles Department of Public Works ("PW") requested that these monthly updates include additional details concerning any NOVs issued by regulatory agencies and the landfill's actions to mitigate those NOVs. This letter provides additional details concerning the status of Chiquita's implementation of Conditions 77 and 79.

On August 15, 2022, PW requested that these monthly updates clearly indicate whether or not Chiquita received an NOV from any regulatory agencies during the reporting month and, if so, that Chiquita include a copy of the NOV as an attachment to the letter. Since the last monthly update, Chiquita received seventeen NOVs from the South Coast Air Quality Management District ("SCAQMD") for alleged violations of SCAQMD Rule 402 and Health & Safety Code section 41700 dated from September 1 to 28, 2023. Copies of these NOVs are attached to this letter.

## **June 2020 DRP NOV**

Chiquita has reached a settlement agreement with the County of Los Angeles (the “County”), which includes terms affecting Conditions 77 and 79. This settlement agreement was approved by the County Board of Supervisors on October 11, 2022. The settlement agreement requires Chiquita to submit an application to modify its CUP consistent with the terms of the settlement agreement. Those terms include proposed modifications to Conditions 77 and 79. Chiquita submitted the required CUP modification application on November 10, 2022. The hearing on the June 2020 NOV is stayed pending the outcome of this CUP modification process.

Chiquita continues to work on securing the permits and approvals required to begin construction on the new entrance along Wolcott Way under Conditions 77 and 79. Chiquita has provided updates on the June 11, 2020 NOV and Conditions 77 and 79 during previous meetings of the Chiquita Canyon Landfill Community Advisory Committee (the “CAC”). A link to these previous meetings and meeting materials summarizing the status of Chiquita’s implementation of activities related to Conditions 77 and 79 can be found on DRP’s website, here <https://planning.lacounty.gov/public-hearings-and-meetings/chiquita-canyon-landfill/community-advisory-committee/>. Chiquita is happy to continue to provide these updates at future CAC meetings if requested.

## **SCAQMD Rule 402 NOVs**

The SCAQMD Rule 402 NOVs were issued due to odors that allegedly emanated from the Chiquita Canyon Landfill (the “Landfill”). The source of any odors coming from the Landfill is a large and unexpected increase in the production of landfill gas at the Landfill. This increase in landfill gas production is due to an abnormal biotic or abiotic process (a reaction) taking place within a portion of the Landfill waste mass. This reaction is producing higher than normal levels of dimethyl sulfide (“DMS”). As of August 2023, DMS has not been detected across the community (the DMS detection limit is 10 parts per billion). Based on this air monitoring data, emissions of DMS from the Landfill do not present a human health risk. However, because DMS has an odor that can be detected at very low concentrations, one may still perceive “cabbage-like” odors. More information on DMS and the underlying landfill reaction can be found on the Odor Mitigation webpage of Chiquita’s website, here: <https://chiquitacanyon.com/reports/odor-mitigation/>.

On August 15, 2023, SCAQMD petitioned its Hearing Board for an Order for Abatement to address the SCAQMD Rule 402 NOVs issued by SCAQMD inspectors as a result of the landfill reaction. SCAQMD “is the regulatory agency responsible for improving air quality for large areas of Los Angeles,” including the Landfill and its surrounding community.<sup>1</sup> After significant negotiation with SCAQMD staff and attorneys, Chiquita and SCAQMD submitted a proposed Stipulated Order for Abatement with forty conditions designed to address and abate the current

---

<sup>1</sup> SCAQMD, *About South Coast AQMD*, <https://www.aqmd.gov/nav/about> (last visited Sept. 13, 2023).

odor issues. After a full-day hearing, the SCAQMD Hearing Board approved the Stipulated Order on September 6, 2023.

The Stipulated Order contains both short-term and long-term measures designed to slow the underlying reaction and mitigate the impacts felt in the community. It memorializes many of the mitigation measures that Chiquita was undertaking voluntarily, as described in the August 2023 update. It also compels Chiquita to implement new measures and to continue studying the reaction, its potential impacts, and potential ways to mitigate the reaction and its potential impacts. As required by the Stipulated Order, along with beginning to implement the ongoing mitigation measures such as twice daily odor surveillance at 32 locations in the surrounding communities conducted by a third party contractor, Chiquita has installed a Semi-Permanent Vapor Odor Control system and a landfill perimeter odor control misting system, and has submitted the completed design for the geosynthetic cover to SCAQMD.

In September 2020, Chiquita submitted a permit application to SCAQMD for a new flare that would allow the Landfill to better control the increasing quantity of gas. On September 28, 2023, after SCAQMD and U.S. Environmental Protection Agency review, Chiquita received the permit from SCAQMD. PW has cleared the foundation plans for the flare and was waiting for final permit approval from the SCAQMD to issue the building permit. Chiquita has poured the foundation for the flare and will proceed promptly to install the flare as required by the Stipulated Order.

More information on Chiquita's implementation of the Stipulated Order, including a copy of the Stipulated Order, can be found on the Odor Mitigation webpage of Chiquita's website, here: <https://chiquitacanyon.com/reports/odor-mitigation/>.

Chiquita looks forward to continuing to provide the Task Force with updates on the June 11, 2020 NOV and any NOV's issued by regulatory agencies. Should you have any questions, please feel free to contact me.

Regards,

Steve Cassulo  
District Manager  
Chiquita Canyon, LLC
