2) **Jurisdiction Recycling Collection Survey**

Please take a few minutes to complete a brief survey about the materials accepted for recycling by your jurisdiction's residential curbside collection program.

Your feedback is requested by October 18, 2024.

Jurisdiction Recycling Collection Survey Form: <https://forms.office.com/g/ecuCcA2Czq>

Why participate?

Completing the survey will help CalRecycle further understand Californians' access to residential curbside collection programs for recycling and accurately identify the types and forms of materials accepted by those programs. This will help inform implementation of existing CalRecycle programs and initiatives, as it helps to identify challenges and opportunities faced by local jurisdictions.

We estimate it will take between 15-20 minutes to complete, and we'd appreciate your responses by October 18, 2024. Thank you in advance for your time and assistance.

Please contact your Local Assistance and Market Development liaison should you need any assistance: <https://www2.calrecycle.ca.gov/LGCentral/Contacts>

Beverage Container Recycling Program Dealer (Retailer) Registration

November 20 @ 10:00 am - 1:00 pm

The California Department of Resources Recycling and Recovery (CalRecycle) is implementing Beverage Container Recycling Program reforms to help Californians recycle more containers by providing convenient redemption options across the state. Governor Newsom signed SB 1013 (Atkins, Chapter 610, Statutes of 2022) which requires beverage retailers in convenience zones (within a 1-mile radius of a supermarket) to register with CalRecycle.

This webinar will explain how these reforms impact beverage retailers. Key topics include:
