

# LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE (TF)

## 2023-2024 LEGISLATIVE SESSION

Multiple rulemaking activities related to existing and new regulations are reported by CalRecycle as ongoing. These cover various topics including plastic pollution, waste tires, electronic waste, battery recycling, and more, indicating a comprehensive approach to environmental regulations.

The entries listed do not necessarily confirm actions will be taken within the following year, as decisions depend on the CalRecycle's priorities and resource availability.
