RE: Updated Nondisposal Facility Element for Los Angeles County

Dear Mr. Pestrella:

This letter serves as confirmation that CalRecycle has received Los Angeles County's request to update its Nondisposal Facility Element (NDFE) to include the following proposed facilities:

- KORE Demonstration Project Biomass Conversion Facility
- Lang Station Large Volume Composting Facility

CalRecycle staff appended the updated information to Los Angeles County's existing NDFE that is currently on file.

We look forward to working with you as Los Angeles County implements its diversion-related programs. Should you have any questions, please contact me at (916) 341-6680 or diana.suarez-arguelles@calrecycle.ca.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Diana Suarez-Arguelles".

Diana Suarez-Arguelles
