

IMPORTANT NOTICE

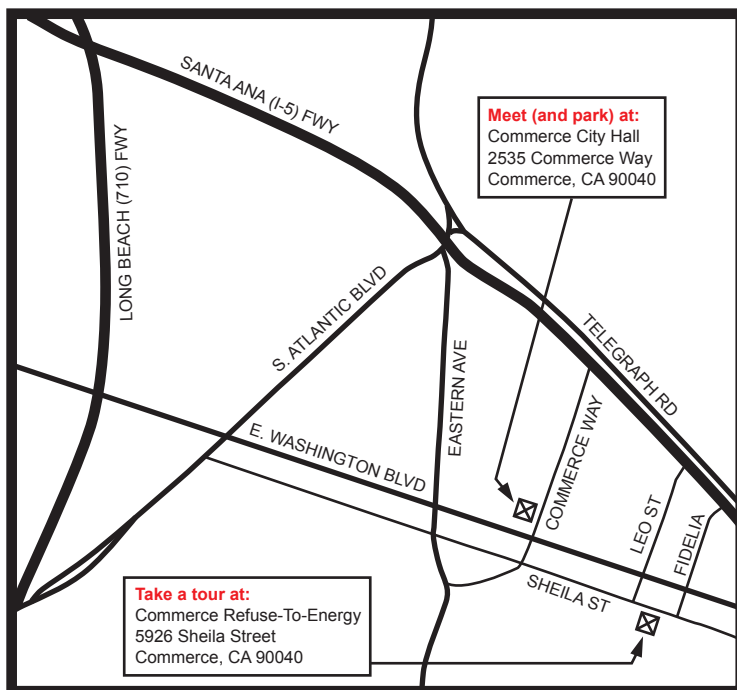

The Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force will **NOT** meet at its usual location this month. Instead, the Task Force will meet on Thursday, April 21, 2005, at the Commerce City Hall, located at 2535 Commerce Way, Commerce, at 1 p.m.

You're Invited!

Curious about how refuse-to-energy facilities operate and how they provide an alternate energy source to fossil fuels?

Join us for a tour of the Commerce Refuse-to-Energy Facility (CREF) on Thursday, April 21, 2005, at **12 noon**. Recipient of multiple awards from various organizations, CREF uses an innovative system to transform residual waste and generate electricity for thousands of homes. Don't miss this wonderful opportunity; visit CREF (one of three RTE facilities in California) and experience why this facility has earned nationwide recognition and acclaim.

Due to limited parking at CREF, it is advised that tour attendees park at the Commerce City Hall, located at 2535 Commerce Way, Commerce. Parking is located north of and adjacent to City Hall on Commerce Way. Free bus transportation to CREF from City Hall, and back again, will be provided. Attendees planning on taking the bus to CREF must arrive at City Hall no later than 11:50 a.m.
