TO: Members of the Los Angeles County Solid Waste Management  
Committee/Integrated Waste Management Task Force

FROM: Linda Lee  
Staff

**FINDING OF CONFORMANCE  
SUNSHINE CANYON LANDFILL—CITY/COUNTY PROJECT**

On December 18, 2008, the Task Force granted a Finding of Conformance (FOC) to Browning-Ferris Industries of California, Inc. (BFI). Condition 18 of the FOC requires BFI to submit a quarterly status report on the following:

- a. Progress of the City/County Project; and;
- b. Progress of the site's landscaping activities and revegetation of the permanent slope areas.

On February 16, 2010, staff received the final documents to complete the package of the 4th quarter 2009, status report and BFI's response to Los Angeles County Department of Regional Planning's (Regional Planning) letter, dated December 7, 2009. The package contains the following:

- BFI Sunshine Canyon Landfill Status Report, dated January 19, 2010;
- Transmittal of 4th Quarter 2009 Quarterly Vegetation Report, dated February 9, 2010, with one attachment; and
- BFI's Response Letter to Regional Planning, dated February 9, 2010, with two attachments.

A representative of Regional Planning, who oversees the Landfill's revegetation work pursuant to the Landfill's Conditional Use Permit 00-194-(5) Condition No. 44, will attend the Task Force's March 18, 2010, meeting to answer any questions the Task Force may have regarding BFI's revegetation reports. In addition, BFI has indicated that they will provide a presentation on their revegetation progress.

If you have any questions, please contact me at (626) 458-6973, Monday through Thursday, 7 a.m. to 5:30 p.m.
