

### Updating a Credit Card Expiration Date

You must make a payment in any amount using the credit card with the new expiration date. This will store the new payment profile for future use. The payment will be credited to your account.

- Make a Payment
- Select 'Remove' the Card with the expired date.
  - Confirm Remove
- Select 'I want to pay with a new Credit Card'.
- Select Yes to 'Store this payment info for future use'
  - Complete payment.
