

OXFORD RETENTION BASIN MULTIUSE ENHANCEMENT PROJECT

NOTICE OF PUBLIC MEETING AND INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION AND INITIAL STUDY

The County of Los Angeles Department of Public Works will hold a public meeting to present the Oxford Retention Basin Multiuse Enhancement Project, as well as the draft Mitigated Negative Declaration and Initial Study.

DATE: Wednesday, May 29, 2013, 7 PM – 9 PM
LOCATION: Burton W. Chace Park Community Room

The project is designed to enhance flood protection, reduce runoff pollution, and significantly improve the quality of plant and wildlife habitat within the facility, as well as its aesthetic appeal. Non-native trees and plants will be removed and the site will be replanted with a more native and drought-tolerant plant palette. The project will also provide new recreational and safety amenities, including a walking path, observation areas, wildlife-friendly lighting, and more attractive tubular fencing.

The 30-day public review period for the Mitigated Negative Declaration and Initial Study will begin on May 20, 2013 and end on June 18, 2013. The complete document and other project details will be available for review at <http://dpw.lacounty.gov/go/oxford>.
