

**Table 2-1a  
Land Use Distribution of Monitored Catchments for Monitoring Program (Mass Emission Sites)**

| Station Name   | Station No. | Drainage Area (sq. mi.) | HDSFR(1) (%) | Light Industrial (%) | Vacant (%) | Retail/ Commercial (%) | Multi-Fam. Residential (%) | Transportation (%) | Educational Facilities (%) | Mixed Residential (%) | Other (%) | TOTAL (%) |
|--|-------------|-------------------------|--------------|----------------------|------------|------------------------|----------------------------|--------------------|----------------------------|-----------------------|-----------|-----------|
| <b><u>MASS EMISSION STATIONS</u></b>                 |             |                         |              |                      |            |                        |                            |                    |                            |                       |           |           |
| Ballona Creek at Sawtelle Blvd. Los Angeles          | S01         | 88.8                    | 40           | 3.5                  | 11.1       | 9.9                    | 12.3                       | 1.5                | 2.7                        | 6.7                   | 12.3      | 100       |
| Malibu Creek at Piuma Rd. Unincorporated L.A. County | S02         | 105                     | 5.7          | 0.3                  | 79.3       | 0.5                    | 1.3                        | 0.5                | 0.5                        | --                    | 11.9      | 100       |
| L.A. River at Wardlow Long Beach                     | S10         | 822.5                   | 28.8         | 5.1                  | 40.4       | 3.6                    | 3.5                        | 2.4                | 1.9                        | 1.8                   | 12.5      | 100       |
| Coyote Creek at Spring St. Long Beach                | S13         | 148.6                   | 38.3         | 8.4                  | 14.3       | 5.6                    | 6.1                        | 1.8                | 4.3                        | 0.2                   | 21        | 100       |
| San Gabriel River at SGR Pkwy Pico Rivera            | S14         | 450.6                   | 15.2         | 2.3                  | 66.7       | 1.5                    | 1.4                        | 1                  | 1.6                        | 0.1                   | 10.2      | 100       |
| Dominguez Channel at Artesia Blvd. Torrance          | S28         | 33.2                    | 35.5         | 13.05                | 0          | 7.6                    | 7.9                        | 7.6                | 4.6                        | 8.4                   | 15.35     | 100       |
| Santa Clara River at The Old Road Santa Clara        | S29         | 411.4                   | 2.6          | 0.2                  | 87         | 0.3                    | 0.4                        | 0.5                | 0.3                        | --                    | 8.7       | 100       |

**Notes:** All land use percentages are rounded to the nearest tenth of a percent.  
Land use percentages less than 0.1% are represented with a dash (--).  
(1) HDSFR = High Density single-family residential.
