

# City of Westlake Village

## Special Provisions Part IV-Section A

In addition to the information provided in Part 4, Section A of the Annual Report, the City financially supports the efforts of the Integrated Regional Water Management Program, at the Leadership and Subregional level which involves interfacing with the general public on water quality concerns. The City provides a variety of educational handouts at several City functions and public counter, and provides educational content on the City CCTV. The City also sponsored and supported a Watershed Coordinator position at the Resource Conservation District of the Santa Monica Mountains. This position provides a variety of educational material and events watershed wide.
