42	1409 N Heathdale	Covina	91723	Illicit Discharge	Concrete	6/4/2012		Private	LACDWP Staff	Caller reported concrete running down street into gutter. Staff went to site and identified small concrete deposits and a trail of concrete dust but no identifiable source. Photos were taken.
43	519 E Badillo Street	Covina	91723	Illicit Discharge	DE	6/19/2012	Discontinued and cleaned up	Private	LAC Fire	6/19/12 at intersection of Badillo and Barranca. DE (diatomaceous earth) spilled into the middle of the intersection and LA County Fire Health Haz-Mat Division was called out and they tested the DE and determined the DE was safe to remove with no further remediation necessary beyond the sweeper. The PH level of the DE was a 7 (not too acid or base).
