

# MONTEITH PARK AND VIEW PARK GREEN ALLEY Stormwater Improvements Project

Dear Resident,

Los Angeles County invites you to join a virtual community meeting on Wednesday, September 23, 2020 at 6 p.m. to discuss a proposed stormwater infiltration system at Monteith Park and in a nearby alley in View Park. The project will enable the county to capture and treat dry runoff and stormwater runoff in the community.

Updates at Monteith Park include drought-tolerant landscaping, nature-based stormwater treatment solutions, educational signage, public walking paths and seating areas. Updates made at the nearby alley in View Park will incorporate underground stormwater treatment solutions.

Join the meeting through the following ways:  
**September 23, 2020 | 6–7 p.m.**
