

VIEWRIDGE GREEN STREETS

Stormwater Improvement Project

Project features include water quality improvements to capture and treat stormwater. Infrastructure upgrades will also add numerous new trees and drought tolerant landscaping to provide aesthetic benefits and promote an environmentally friendly community.

Community benefits

- Improve stormwater quality
- Capture runoff for irrigation
- Drought tolerant landscaping
- Decrease heat island effect
- New trees
- Promote a sustainable environmental future

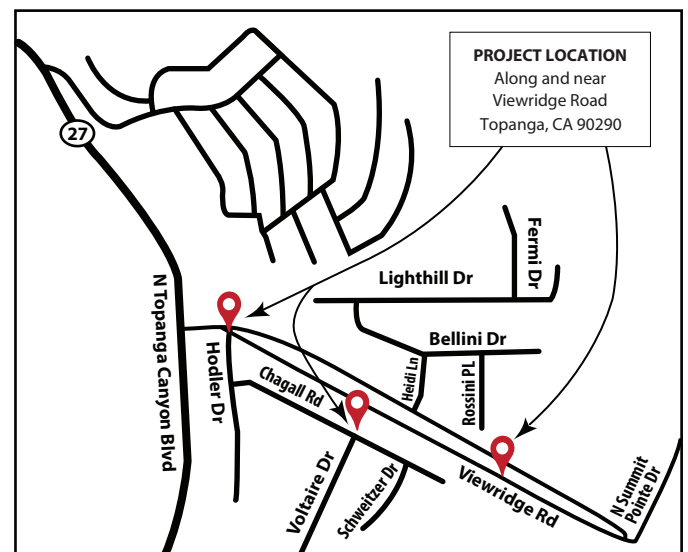

COMMUNITY MEETING

October 29, 2019

6-8 pm

Topanga Library Meeting Room
122 N. Topanga Canyon Blvd., Topanga, CA 90290
