

LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40, REGION 4, LANCASTER

10TH STREET WEST TRANSMISSION MAIN, PHASE IIIB

Scope:

Install approximately 6,500 feet of 30-inch diameter steel transmission main and appurtenances.

Location:

City of Lancaster — Along 10th Street West, between Jackman Street and Avenue H.

Benefits:

Closed a transmission loop encompassing Avenue K, Avenue H, 10th Street West, and 20th Street East, thus improving transmission capacity within the 2555 pressure zone.

Status:

Completed

Start Construction:

January 2015

Complete Construction:

December 2015
